Retirement and Insurance

General Dargusch presented the following report of the Committee on Retirement and Insurance and moved its approval:

It is recommended that the following actions be taken by the Board of Trustees.

1. That the supplemental benefits of \$17.00 per month or pro rata share thereof depending on length of service be increased to \$37.00 per month, effective July 1, 1955, as to those persons who retired prior to June 30, 1955, said supplemental benefit to be payable from the group life insurance premium reserve and the income from endowment, provided that said supplemental benefit be rescinded as to those persons who retired on or after June 30, 1955 in view of the liberalized retirement provisions made by House Bill No. 744.

2. That in view of the passage of House Bill No. 744, no application for coverage under the University Retirement Plan shall be accepted after June 30, 1955. The Committee on Retirement and Insurance will subsequently make recommendations as to the status of those persons presently covered by the University Retirement Plan.

3. That the basic policy limit under the group life insurance program be increased from \$5,000 to \$7,500, effective July 1, 1955, for all persons in the unclassified service, that the face value of each such policy be reduced at the rate of \$200.00 per annum, effective upon the attainment of the age of 40 years by the insured, that the death benefit for retired persons who were in the unclassified service be increased from \$500.00 to \$750.00, said benefit to be paid in the case of all deceased, retired persons who had group life insurance at the time of their retirement and who served in the unclassified service of the University for 25 years or more prior to retirement, said benefit to be payable from the group life insurance premium reserve, that an additional group life insurance plan be adopted for those in the unclassified service receiving compensation from the University in excess of \$7,500.00 per annum, said additional group life insurance to be equal in amount to the difference between \$7,500 and the annual compensation of the unclassified individual, but in no event less than

\$500.00, provide that the total group life insurance granted to any individual under the University group life insurance program shall not exceed \$20,000. Compensation of each unclassified individual shall, effective July 1, 1955, be increased in such amount as may be necessary to cover the cost of premium for the increased and additional group life insurance provided for herein.

4. That the plan for student hospital and medical insurance be approved in principle, same to be effective at the beginning of the fall quarter, 1955.

Respectfully submitted,

COMMITTEE ON RETIREMENT AND INSURANCE

Carlton S. Dargusch
James W. Huffman
John W. Bricker

The above motion was seconded by Mr. Black, and upon roll call was approved by unanimous vote.

President

General Dargusch now presented the following resolution and moved its adoption by the Board of Trustees:

WHEREAS President Howard L. Bevis will retire for age on June 30, 1956, and

WHEREAS the selection of a successor is not only a time-consuming process, but one of the greatest importance to the University, and

WHEREAS it is desirable to establish certain formal procedures and to state certain principles in connection with such selection.

NOW, THEREFORE, BE IT RESOLVED that the election of a president is the ultimate responsibility of the Board of Trustees, pursuant to the provisions of Section 3335.09 of the Revised Code, and that the consideration of individuals for such office shall be conducted by the Board acting as the committee of the whole.

To insure full participation by the faculty in the evaluation of individuals under consideration by the Board of Trustees, the names of all persons submitted to the Board shall be referred for evaluation by the Board through its secretary to a Faculty Committee which is hereby created. The faculty committee shall consist of eleven members and shall be appointed by the president not later than August 1, 1955, as hereinafter set forth. The Faculty Council shall, not later than July 25, 1955, recommend to the president the names of twenty-one members of the faculty, who it deems qualified for appointment to the faculty committee, and the president shall select therefrom and appoint to the faculty committee the eleven members thereof.

The faculty committee shall consider all names submitted by the secretary of the Board of Trustees for evaluation and shall report to the Board its conclusions as to the administrative, educational, scholarship and other qualifications of each individual submitted for evaluation.

The Board of Trustees and the president in pursuance of the resolution establishing official liaison between the University and the Alumni Association shall consult with the Alumni Advisory Board from time to time in order that the Alumni Advisory Board may be

fully advised as to the progress of the Board in its search for a president and the Board of Trustees may in turn receive any and all suggestions of the Alumni Advisory Board with respect thereto.

Any person may submit to the Board of Trustees the name of an individual or individuals believed to be qualified for president.

The above motion was seconded by Mr. Kettering and upon roll call the above resolution was adopted by unanimous vote.

Alumni Advisory Board

President Bevis now recommended that the following resolution establishing the Alumni Advisory Board as contact agency between the University alumni and the University administration, be approved:

WHEREAS, there is duly appointed by the Board of Directors of The Ohio State University Association, in accordance with the constitution of the Association, an Alumni Advisory Board consisting of an alumni delegate from each of the colleges comprising the University, several delegates-at-large, certain other delegates from regular University Boards such as Athletic Board, Ohio Union and Pomerene, and the President of The Ohio State University Association, ex officio, and

WHEREAS, it is the purpose and function of The Ohio State University Association to do everything possible to further the best interest of The Ohio State University and to this end to transmit to the officials of the University such information, views and suggestions as The Ohio State University Association, acting through the Alumni Advisory Board as its duly accredited and authorized agency for such purposes, may deem worthy of consideration by the officials of the University.

NOW, THEREFORE, be it resolved that:

The Board of Trustees of The Ohio State University hereby recognizes the Alumni Advisory Board as the officially accredited agency through which The Ohio State University Association, representing the organized alumni of the University, may transmit to the University from time to time such information, views and suggestions as the Alumni Advisory Board may deem to be in the best interests of the University and of such character as to merit consideration by the officials of the University; without, however, limiting in any manner the right of any individual or group to present to the administration of the University such information, views and suggestions as any such individual or group may desire, nor the freedom of the Board to initiate contacts with individuals or groups:

All information, views and suggestions presented to the University Administration by the Alumni Advisory Board shall be presented to the President of the University for consideration and such disposition as he may deem proper;

Pursuant to these relations between the University and the Alumni and to effect the utmost communication on Alumni relationships with the University and other matters of mutual interest, the fullest exchange of information and suggestions shall be carried on between the President and the Alumni Board to insure that said Board is at all times informed of the plans and programs of the University and that being thus informed, said Alumni Board will be

enabled to reach stated conclusions and recommendations which will be of the greatest help to the University in the solution of its many complicated and diverse problems.

The purpose of this resolution is to establish a working liaison between The Ohio State University Association and the University administration, and shall not be construed to limit in any way the access of The Ohio State University Association to the Board of Trustees nor the opportunity of said Association through its duly delegated representatives to meet with the Board of Trustees from time to time to exchange views concerning the problems of the University.

Upon motion of General Dargusch, seconded by Senator Bricker, the above resolution was approved by unanimous vote.

President Bevis presented the following miscellaneous recommendations:

That the Agreement between The Ohio State University and the Ohio Department of Health for the operation of the Waste Treatment Laboratory and Pilot Plant in the conduct of current and preselected studies for the period of July 1, 1955 through June 30, 1956, be approved.

That upon the recommendation of the Committee on Fees the non-resident fee be increased from \$85 to \$125 per quarter, effective October 1, 1955.

That the Board of Trustees action of September 8, 1953 be corrected to read "retirement" rather than "resignation" in the case of Cecil W. Bayes, Herdsman in the Department of Animal Science.

That the following leaves of absence, with salary, be granted:

George L. Brown, County Agricultural Agent, Agricultural Extension Service for the period June 21 to July 29, 1955, for study at The Ohio State University during the first term of the Summer Quarter.

R. Dale Glass, Associate County Agricultural Agent, Agricultural Extension Service, for the period September 16, 1955, to January 31, 1956, for graduate study at the University of Wisconsin.

Robert W. McCormick, Assistant State 4-H Club Leader, Agricultural Extension Service, for the period October 1, 1955, to December 31, 1955, for graduate study at The Ohio State University.

Ruby C. Haas, Home Demonstration Agent, Agricultural Extension Service, for the period September 16, 1955, through January 31, 1956, for graduate study at the State College of Washington.

That the following leaves of absence, without salary, be granted:

David C. Rife, Professor in the Department of Zoology and Entomology, for the period October 1, 1955, through September 30, 1956, in order that he may accept a Fulbright Grant as a Research Scholar at Makerere College, Kampala, Uganda, East Africa.

Elden B. Sessions, Research Associate Professor, and Associate Professor, Bureau of Educational Research for the period October 1, 1955, to September 30, 1956. (Extension of leave.)

That, upon the recommendation of the Faculty Council, degrees be awarded at the Summer Convocation on August 26, 1955, to the following named students who have completed their requirements therefore:

That the research agreements heretofore entered into between The Ohio State University and The Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

Olin Mathieson Chemical Corporation, Baltimore, Maryland—For Study of Fungicides and Insecticides (to be known as the Olin Mathieson Chemical Corporation research project No. 116-A (Sup. No. 9)—Botany and Plant Pathology. Gross value—\$4,000.00.

The Procter and Gamble Company, Cincinnati, Ohio—Investigation of Pathogenesis of Dental Caries (To be known as the Procter and Gamble research project No. 323 (Ext. No. 9)—Dentistry). Gross value—\$21,774.00.

U. S. Atomic Energy Commission, Lemont, Illinois—Investigation of Low Temperature Physics (To be known as the U. S. Atomic Energy Commission research project No. 423 (Sup. No. 5)—Physics). Gross value, \$8,000.00.

U. S. Atomic Energy Commission, Lemont, Illinois—Investigation of Nuclear Spectroscopy (To be known as the U. S. Atomic Energy Commission research project No. 440 (Sup. No. 4)—Physics). Gross value—\$31,500.00.

U. S. Atomic Energy Commission, Lemont, Illinois—Investigation of Soft X-Ray Absorption and Emission Spectra (To be known as the U. S. Atomic Energy Commission research project No. 471 (Sup. No. 4)—Physics). Gross value—\$9,325.00.

Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Far Infrared Spectroscopy (To be known as the Wright Air Development Center research project No. 544 (Sup. No. 7)—Physics). Gross value—\$7,900.00.

USAF Institute of Technology, Wright-Patterson Air Force Base, Dayton, Ohio—For Services consisting of Development of a Format for a Logistical School for Air Force Officers (To be known as the USAF Institute of Technology research project No. 639—Business Organization. Gross value—\$40,000.00.

Wright Air Development Center, Wright Patterson Air Force Base, Dayton, Ohio—Investigation of Psychological Principles of Learning (To be known as the Wright Air Development Center research project No. 640—Psychology. Gross value—\$22,840.00.

Department of the Navy, Office of Naval Research, Washington, D. C.—For Research on the Nature of the Pulsating Cepheid Variables (To be known as the Department of the Navy research project No. 641)—Physics). Gross value—\$2,000.00.

Wright Air Development Center, Wright-Patterson Air Force Base, Dayton, Ohio—Investigation of Principles Which Govern the Behavior of Steels During Heat Treatment and Processing (To be known as the Wright Air Development Center research project No. 642—Metallurgical Engineering.) Gross value—\$23,196.00.

Air Materiel Command, Wright Patterson Air Force Base, Dayton, Ohio—For Aldehyde Detector Program (To be known as the Air Materiel Command research project No. 643—Chemistry). Gross value—\$11,518.00.

Cleveland Ordnance District, Cleveland, Ohio—Investigation of Infrared Spectroscopy of Atoms and Molecules (To be known as the Cleveland Ordnance District research project No. 644—Physics). Gross value—\$18,000.00.

Cleveland Ordnance District, Cleveland, Ohio—Investigation of Role of Steric Factors in Organic Chemistry (To be known as the Cleveland Ordnance District research project No. 645—Chemistry). Gross value—\$11,500.00.

The above thirteen contracts for research in cooperation with Government and Industry represent a gross income of \$211,553.00.

Government—\$185,779.00

Industry—\$25,774.00

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

\$6,971.00 from the American Cancer Society, Inc.—to be credited to Rotary No. 11013.

\$5,000.00 from the Estate of Herbert Osborn—to be administered under the following provision:

"I further bequeath to The Ohio State University a sum of money equal to one-sixth of the value of the residue of my estate, not to exceed five thousand dollars, the income to be used to promote scholarships in the field of biology, especially in entomology. Said grant to be administered by a committee consisting of the President of the University, the Dean of the Graduate School and a representative of the entomological staff to be named by the said President and Dean, such grant or foundation to be devoted to support of scholarships, the purchase of books, or in such manner as may be deemed most useful in any given period."

\$3,689.00 from E. I. duPont de Nemours and Company for the DuPont Fellowship in Chemistry—Rotary 11190.

\$3,600.00 from the Eastman Kodak Company for the Eastman Kodak Fellowship in Chemistry—Rotary 11201.

\$3,300.00 from the Carbide and Carbon Chemical Company for the Union Carbide and Carbon Fellowship in Chemistry.

\$2,652.00 from the Research Corporation for the Support of research under the direction of Dr. Joseph E. Varner of the Department of Agricultural Biochemistry.

\$2,500.00 from the Westinghouse Educational Foundation for the Westinghouse Fellowship in Electrical Engineering.

\$2,500.00 from the Ohio Tuberculosis and Health Association—to be credited to Rotary Fund 11577.

\$2,000.00 from the Firestone Tire and Rubber Company for the Firestone Tire and Rubber Company Fellowship in Chemistry—Rotary 11255.

\$2,000.00 from Allied Chemical and Dye Corporation for the Allied Chemical and Dye Corporation Fellowship in Chemistry—Rotary 11009.

\$1,500.00 from the Link Foundation for the Link Fellowship in Aviation Medicine—Rotary 11411.

\$1,400.00 from the Cincinnati Chemical Works for the Cincinnati Chemical Works Fellowship in Chemistry—Rotary 11128.

- \$1,050.00 from the General Electric Company for the General Electric Fellowship in Chemistry—Rotary 11263.
- \$1,000.00 from the Lubrizol Foundation for Scholarship in Chemical Engineering—Rotary 11424.
- \$1,000.00 from Lederle Laboratories Division of the American Cyanamid Company for the Lederle Veterinary Medical Students' Research Scholarships.
- \$750.00 from the Douglas Aircraft Company for the Douglas Aircraft Company Fellowship in Aeronautical Engineering—Rotary 11180.
- \$637.50 from the Green Giant Company for research under the direction of Dr. C. A. Swanson.
- \$500.00 from the Ethyl Corporation for the Ethyl Corporation Fellowship in Chemistry.
- \$500.00 from the Estate of Bertha G. Alcorn—To be added to the trust known as the "Eli G. Alcorn Prize in Ophthalmology."
- \$500.00 from the Ambassade De France, Service Du Conseiller Culturel, New York City, to assist outstanding students in French during the Summer Quarter 1955.
- \$87.00 from Mr. Charles A. Kuntz for the Columbus Chapter—National Association of Cost Accountants Scholarships in Accounting.

\$2,000.00 for the C. E. Rowland Memorial Scholarship Fund

The C. E. Rowland Memorial Scholarship Fund

Established June 16, 1955 by gifts through the Development Fund from the family and friends of the late C. E. Rowlands, to perpetuate his memory and as a tribute to one who contributed so much in service, guidance and inspiration particularly to the youth of Clark County, Ohio. This fund is to be invested in accordance with Sec. 3335.12 Revised Code of Ohio, the income to be used to provide scholarships for students from Clark County entering The Ohio State University in the College of Agriculture or the School of Home Economics. Should the need for said scholarships cease to exist or so diminish as to create unusual income then the Board of Trustees of The Ohio State University may use said income in its discretion, preference to be given to scholarships for students from Clark County in other Colleges of the University.

\$2,000.00 for the Symphonic Choir European Tour—Rotary 11831.

Jarvis; to be invested in accordance with Sec. 3335.12 General Code, the income to be used for Cancer Research under the direction of the Dean of the College of Medicine. Should the need for this research cease to exist or so diminish as to create unusual income, then the Board of Trustees, in its discretion, may use said income for any purpose.

\$1,500 for the Glenn W. McCuen Scholarship.

\$523.75 for Senior Class Memorials—Rotary 11711.

Class of 1936.....\$435.94

Class of 1946..... 65.20

Class of 1948..... 22.61

\$370.00 for Education Fund for the College of Medicine—Rotary 11497.

\$208.92 for the William A. Dougherty Music Scholarships.

\$125.00 for the Ohio State University Student Leader Endowment Fund.

That the operating budget for the Department of Athletics for the year 1955-56 be approved.

Pursuant to the provisions of Section 3335.04 of the Revised Code the compensation of the Chairman, Vice Chairman and the Chairmen of the several committees of the Board is hereby fixed at \$54.00 per annum. They shall be eligible for University Group Life Insurance in the amount of \$20,000.00.

Upon motion of Senator Huffman, seconded by Mr. Black, the above recommendations were approved by unanimous vote.

Chairman Ketner reminded the Board of the next meeting of the Governing Boards of State Universities and Allied Institutions, which is to be held at Michigan State College, East Lansing, Michigan on October 16-22, 1955, and expressed the hope that as many members as possible attend this coming meeting.

* * * * *

Upon motion of Mr. Kettering, seconded by Judge Gorman, the Board requested the President to send a congratulatory message to Professor Diercks and the Symphonic Choir, in recognition of their splendid contribution in the name of the University.

Scioto Ordnance Plant

President Bevis presented the following report:

Pursuant to the instructions of the Board I made arrangements for a visit on July 5 to the part of the old Scioto Ordnance Plant near Marion about which I reported at the last meeting. Those who visited the project were Mr. Ketner, member of the Board, Dr. Oram Woolpert, Director of the Research Foundation, Dean Gordon Carson, Dean of the College of Engineering, Mr. Paul Elleman, Director of Physical Plant, Dean Leo Rummell, Dean of the College of Agriculture, and I.

It is difficult to determine from Mr. Rhoten's letter just what acreage was involved and he himself was unable to provide any clearer description. It turned out upon visitation, however, that the acreage now available is a part of that which was considered by the Board in 1949, the remainder having been disposed of by sale or otherwise.

Some of the smaller buildings which were on the property before have been removed and a large new building said to have cost upwards of four million dollars has been built since. This building was apparently used for secret laboratory purposes, the nature of which is unknown.

Permission to visit the property had to be secured through Mr. Rhoten's office from Oak Ridge, Tennessee, and security regulations are still strictly enforced. Colonel Hamilton whose headquarters are on the premises had been there but a short time and was unable to provide much if any information about the property. He placed us in charge of several subordinates who were able to show us about but who also had very little information of definite character.

Particularly we were unable to learn the precise extent or boundaries of the acreage available. I have under taken through Mr. Rhoten to ascertain definitely what these boundaries are.

The regulations under which this property is available for acquisition provide that it must be used either for health or educational purposes, that it may not be leased or sold, and that in case of emergency the government may take it back.

Cursory inspection would indicate that the land still available is probably the least desirable of all the original tract. Certain uses, however, could be made of it. The smaller cement block buildings might be useful for some agricultural purposes. The large laboratory building is not very well arranged for purposes other than that for which it was built and would entail considerable expense for upkeep and maintenance.

If, in the opinion of the Board, we should look further into the possibility of acquiring this property we should have detailed reports

by competent persons as to the uses to which it could be put, the cost which would be entailed in maintaining and operating the property, the possibility of obtaining title to it free of the restrictions and limitations now imposed, and the relative desirability of this property and other property which we might obtain at comparable cost.

Upon motion of Mr. Black, seconded by Senator Bricker, the Board by unanimous vote instructed the President to drop further negotiations.

Air Force

President Bevis now presented the following report and recommendations:

As you know, Colonel Ralph D. Mershon and President William Oxley Thompson played leading roles in the establishment of the ROTC program as a means of providing a strong and important force for the national defense. Since those early beginnings this University has sought earnestly to support and improve the program to the best of its ability.

In addition to important Army and Navy units, we now have on our campus one of the largest Air Force ROTC units in the nation. In matters of instructional policy and practice we have worked in very close cooperation with the Air Force at both local and national levels. Our purpose has been to make sure that, to the greatest possible degree, the instructional resources of the University and the Air Force may be joined in a common effort to produce men of the highest quality.

The revised teaching Program in Air Science now touches upon certain subject matter areas in which the University, as a part of its normal academic offerings, has highly trained and professional teachers as members of its permanent civilian staff. For example, the Air Force curriculum now includes instruction in political geography, communications and international tensions and security agencies. In each of these areas we have very competent civilian teachers.

For the past several months a joint committee, composed of representatives of the Air Force and our civilian faculty, has been studying the possibility of conducting an experiment in bringing the full resources of the University to bear upon the teaching of such subjects. This committee now recommends that a trial run be made during the coming year. At appropriate times, members of our civilian faculty will join Air Force instructors in a common teaching effort. This experimental approach will be under the constant supervision of a committee representing the Air Force and the University.

Since provision must be made for the temporary replacement of civilian instructors participating in this experiment, it is recommended that Vice President Heimberger be authorized to expend not to exceed \$12,000.00 for this purpose from the income of the Mershon Fund. A small portion of this amount might be used to sponsor occasional meetings of interested Air Force and civilian educators from other institutions in the vicinity.

It is my opinion that this proposed experiment is in harmony with the wishes of Colonel Mershon that a part of the income from his generous gift should be used to advance the cause of civilian military education in the United States and its territories. The proposed

experiment has the full approval of Major General M. K. Deichelmann, Commanding Officer of the Air Force ROTC, and Colonel James F. McClendon, Professor of Air Science on our campus. It will be watched with great interest by other colleges and universities and, if successful, may serve to strengthen a national program which is of great importance in the procurement of Air Force officers.

Upon motion of General Dargusch, seconded by Mr. Kettering, the Board by unanimous vote approved the suggested plan as detailed above.

Stone Professorship

President Bevis now presented the following recommendations:

In October, 1953, this Board of Trustees redefined the Julius F. Stone Professorship to provide for the appointment "upon an annual basis of distinguished persons who, in view of the needs and opportunities of the day, may best contribute to the growth and development of the Ohio State University." Such appointments are to be made upon the recommendation of the President.

During the past academic year, Henry M. Hart, Jr., Professor of Law at Harvard University, held this eminent position. His presence on this campus has, in every sense, contributed to the growth and development of the University.

I now wish to recommend that Dr. Gerhard A. Brecher, Professor of Physiology at Western Reserve University, be appointed as the Julius F. Stone Professor for the academic year 1955-6. Dr. Brecher is a widely recognized leader in experimental ophthalmology and the physiology of the cardiovascular system. His appointment to this professorship has been strongly recommended by the College of Medicine, the College of Arts and Sciences and the Graduate School.

Upon motion of Mr. Black, seconded by Judge Gorman, the above recommendation was approved by unanimous vote.

College of Pharmacy

President Bevis presented the following recommendation:

I had hoped to be able to make a recommendation to you today concerning a successor to Dean Bernard F. Christensen who has now retired after 16 years of distinguished service as Dean of our College of Pharmacy. A special advisory committee has been working diligently on this matter for the past several months but, because of certain unexpected developments, more time will be required before a nomination can be made. I, therefore, recommend that Professor Lloyd Harris be appointed to serve as Acting Dean for the present Summer Quarter. He is one of the senior Professors of the staff and you may be assured that the affairs of the College will be in good hands.

Upon motion of Senator Huffman, seconded by Mr. Kettering, the above recommendation was approved by unanimous vote.

India Contract

President Bevis presented the following recommendation:

The Board members will recall previous discussions of the project presented by Dean Rummell under which The Ohio State University is to perform certain work under the auspices of the Foreign Opera-

tions Administration* in India. Mr. Rummell has submitted a copy of the report made by him and Mr. Sutton to the Indian Government officials.

In pursuance of the Board's previous agreement, steps toward the negotiation of a contract have been taken and we are in receipt of a form submitted for signature.

Mr. Rummell recommends proceeding as fast as possible. This question arises: The Ohio State University is one of five institutions engaged in this same large project, the others being, University of Illinois, University of Missouri, University of Tennessee and Kansas State University.

It is felt that the rates for "overhead" in the contracts with all these schools should be on the same general basis and that such uniformity should be ascertained before we sign our contract.

It is recommended, therefore, that the President and the Secretary of the University be authorized to sign this contract when satisfied that reasonable uniformity in the matter of "overhead" has been agreed upon.

Upon motion of Mr. Black, seconded by General Dargusch, the above recommendation was unanimously approved.

Budget

President Bevis now presented the annual salary budget for the fiscal year beginning July 1, 1955, and recommended its approval.

Upon motion of General Dargusch, seconded by Judge Gorman, the annual budget as presented by the President was approved by unanimous vote.

Estimate of Cost—\$17,200.00

To be paid from F-1d Roofing, H.B. 929

Upon motion of Mr. Black, seconded by Senator Huffman, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for an on behalf of the Board of Trustees. The Vice President and Business Manager was directed to advertise for bids in accordance with law and the Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to award contracts accordingly. The President is authorized to sign such contracts for and on behalf of the Board of Trustees. All actions of the Cabinet on these matters are to be reported to the Board at a later meeting.

The Vice President and Business Manager presented the following report:

On July 5, 1955, the Director of Physical Plant advised the University Cabinet as follows with respect to the estimate of cost for Refrigerated Cooling, Office Section of Research Center, 1314 Kin-near Road.

"In preparing a report on the tabulation of bids received, a discrepancy of figures is found between the estimate recorded at the University in the February 8, 1955, Cabinet minutes and the February 14, 1955, Board of Trustees minutes, and the estimate filed directly with the Auditor of State by the office of the engineering firm, Sims, Cornelius & Schooley.

"Investigation now shows that the difference in figures is the result of a peculiar coincidence of circumstances due to errors in transmitting information between the Sims, Cornelius & Schooley office and the University Director of Physical Plant's office, between this office and the Business Office, and from Sims, Cornelius & Schooley office directly to the State Offices.

"We find, also, that fortunately the estimates filed with the State Architect and with the Auditor of State are correct, and that they are the ones which should be used in considering the awards of contracts on the projects involved.

"I, therefore, recommend that the correct estimate of cost as filed with the Auditor of State be recorded in the Cabinet minutes as of this date, for official use in analysis of the tabulation of bids received on June 24, 1955, and in recommending the award of contract.

"The estimates are as follows:

<i>Original Estimate</i>	<i>Corrected Estimate</i>
\$25,000.00	\$24,780.00

The Cabinet has approved the recommendation of the Director of Physical Plant for the correction of the estimates of cost and now recommends to the Board that these revised estimates be approved.

Upon motion of Judge Gorman, seconded by Senator Huffman, the above actions of the University Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contract to the low bidder for the Utility and Sewer Lines, College of Veterinary Medicine and now recommends that the actions of the Cabinet be approved by the Board of Trustees:

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on June 23, 1955, at 2:00 p.m. for the purpose of opening bids on Utility and Sewer Lines, College of Veterinary Medicine. A representative of the office of the Director of Public Works was present and read the bids. Given below is a tabulation of the bids received.

<i>Bidder</i>	<i>Amount of Bid</i>
Trimmer Construction Company	\$81,985.00
E. P. Coady and Company	91,800.00
Limbach Company	68,690.00
Haddad Construction Company	72,343.00
George J. Igel & Company, Inc.	80,857.25

"The engineer's estimate for the above work was \$79,500.00. The low bid of the Limbach Company is regular in every respect and is below the engineer's estimate. Therefore, I wish to recommend that we request the Director of Public Works to enter into a contract for this project with the Limbach Company at their bid of \$68,690.00."

Funds for the execution of this contract, which is recommended for award, will be provided from G-2-1 Veterinary Medicine—Basic Science Unit and Equipment, H.B. 10.

Upon motion of Mr. Black, seconded by Senator Huffman, the above actions of the University Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids for the project Tunnel to the New Law Building, and approved the award of the following contract to the low bidder and now recommend that the actions of the Cabinet be approved by the Board of Trustees.

The report of the architectural firm of Potter, Tyler, Martin & Roth is as follows:

"Proposals for construction of the Tunnel to the New Law Building, received until 2:00 p.m. Thursday, June 23, 1955, were opened immediately thereafter and read by Mr. M. J. Moon, representing the Director of Public Works.

"In the five proposals received no irregularities were found. All complied fully with law. No substitutions were offered.

"A copy of the Tabulation of Bids is attached. It will be noted that only one bid, that of General Maintenance & Engineering Company, in the amount of \$39,039.00 is below the architect's estimate of cost, which was \$40,000.00.

"We consider this low bid a reasonable one and recommend that the Director of Public Works be requested to award the contract to General Maintenance & Engineering Company for Item 1, General Contract, comprising sections I to VIII of the specifications, in the sum of \$39,039.00.

"The tabulation of bids is as follows:

<i>Bidder</i>	<i>Amount of Bid</i>
General Maintenance & Eng. Co.	\$39,039.00
Joseph Skilken & Co.	49,880.00
F & Y Building Service, Inc.	41,888.00
Krause & Pagura	49,215.00
Fritz-Rumer-Cooke Co.	62,771.00"

Funds for the execution of this contract, which is recommended for award, will be provided from a transfer of \$40,000.00 from G-2-1 Veterinary Medicine, Basic Science Unit and Equipment, H.B. 816, to G-2-3 Law-First Section of Classroom Administration Building and Equipment, H.B. 816.

Upon motion of Mr. Black, seconded by Senator Huffman, the above actions of the University Cabinet were approved by unanimous vote.

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees the University Cabinet met on June 24 for the purpose of opening bids on Refrigerated Cooling, Office Section of Research Center, 1314 Kinnear Road. The following is a tabulation of the bids received:

Lieb Jackson, Inc.	\$17,126.00
Keen-Air Conditioning Corp.	16,256.00
Limbach Company	18,000.00
Conditioned Air, Inc.	16,900.00
Huffman Wolfe Company	17,200.00
Speer-Wolfe & Company	15,095.00

"As was recommended in our letter of July 5, 1955, the corrected estimate of cost of \$24,780.00 has been recorded in the Cabinet minutes as of that date for official use in analysis of the tabulation of bids received on June 24, 1955, and in recommending the award of contract.

"The low bid of Speer-Wolfe & Company is regular in every respect and is below the engineer's estimate. Therefore, I wish to recommend that we request the Director of Public Works to enter into a contract for this project with Speer-Wolfe & Company at their bid of \$15,095.00."

Funds for the execution of this contract, which is recommended for award, will be provided from G-2-A Air Cooling of Office Part of Research Center, H.B. 929.

Upon motion of Mr. Black, seconded by Senator Huffman, the above actions of the University Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported that the Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contracts to the low bidders for the Utility Lines and Drainage for Field House Group and now recommends that the actions of the Cabinet be approved by the Board of Trustees. Detailed tabulations of said bids are on file in the offices of the Auditor of State and the University Architect and are included in the records of the University Cabinet.

The report and recommendations of the University Architect and the Director of Physical Plant are as follows:

"Transmitted herewith is a tabulation of the bids received prior to 2:00 p.m., June 28, 1955, for Utility Lines and Drainage for Field House Group in the office of the Vice President and Business Manager and opened immediately thereafter by Mr. M. J. Moon, representing the Director of Public Works.

"The low bids of Joseph Skilken & Co. in the sum of \$20,400.00 for the General Contract, The Limbach Company in the sum of \$135,964.00 for the Heating Contract and The Limbach Company in the sum of \$28,356.00 for the Area Drainage Contract are regular in every respect and are below the estimates of cost filed with the Auditor of the State of Ohio.

"The low bids of Lieb-Jackson, Inc., in the sum of \$5,749.00 for the Plumbing Contract and Gustav Hirsch Organization, Inc., for the Electrical Contract in the sum of \$41,740.00 are regular in every respect but neither one is below the estimate of cost filed with the Auditor of State.

"The combined total of all bids is \$232,209.00 as compared with the combined estimated cost of \$309,900.00.

"The bids for the Plumbing and Electrical Contracts are from reputable and representative companies and constitute satisfactory bidding. It is evident from the bidding that the estimates for the Plumbing and Electrical divisions are too low. Also, it is believed that no more favorable bids would be received if the plumbing and electrical divisions were readvertised with a revised estimate of cost.

"It is, therefore, recommended:

(1) That the necessary action be taken to accept the low bids of Joseph Skilken & Co. for the General Contract in the base sum of \$20,400.00; Limbach Company for the Heating Contract in the base sum of \$135,964.00; and the Limbach Company for the Area Drainage Contract in the base sum of \$28,356.00 since they are below the estimated costs, that the Board of Trustees award the contracts and that the Director of Public Works be requested to execute the contracts accordingly.

(2) That the necessary action be taken to request the State Controlling Board to permit the acceptance of the low bids of Lieb-Jackson, Inc., in the base sum of \$5,749.00 for the Plumbing Contract and of The Gustav Hirsch Organization, Inc., in the base sum of \$41,740.00 for the Electrical Contract even though these bids are in excess of the estimated cost.

"If permission of the Controlling Board is granted for the award of the Plumbing and Electrical Contracts, it is recommended that the Board of Trustees award the contracts and the Director of Public Works be requested to execute contracts accordingly.

"In tabular form, the foregoing divisions with estimates of cost appear as follows:

<i>Contract</i>	<i>Contractor</i>	<i>Low Bid</i>	<i>Arch. Est.</i>
General	Joseph Skilken & Co.	\$ 20,400.00	\$ 33,000.00
Heating	Limbach Company	135,964.00	208,500.00
Plumbing	Lieb-Jackson, Inc.	5,749.00	4,300.00
Electrical	Gustav Hirsch Org., Inc.	41,740.00	26,100.00
Area Drainage	Limbach Company	28,356.00	38,000.00
Totals		\$232,209.00	\$309,900.00

Funds for this project are to be provided from G-32. Other capital outlay, H.B. 932.

Upon motion of Mr. Black, seconded by Senator Huffman, the above actions of the University Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported to the Board of Trustees that The Ohio State University has received a proposal for the purchase of a tract of approximately three acres of land located on the south side of Lane Avenue, west of Kenny Road. The University land surrounds it and it is the last remaining tract within our boundaries. Up to the present time, this land has not been available for purchase by the University but it has recently been placed on the market. It is highly desirable to have it added to our present farm land. Dean Rummell states that this land has a high valuation by virtue of its location. If the University does not acquire it, there may be residential housing there with attendant inconvenience to the operation of surrounding farm property owned by the University.

Upon motion of Senator Huffman, seconded by Senator Bricker, the purchase of the above described land was approved and authorized subject to the approval of the State Controlling Board. Funds are to be provided by H.B. 932 when signed.

The Vice President and Business Manager presented the annual budget for the fiscal year ending June 30, 1956, of The Ohio State University Development Fund in the amount of \$92,348.00, of which \$84,336.00 will be from H-8 Contributions and the balance from surplus from previous budgets and income from investments as required, and recommended its approval and adoption.

Upon motion of Judge Gorman, seconded by General Dargusch, the Development Fund budget as presented was unanimously approved and adopted.

The Vice President and Business Manager recommended the following transfers to provide funds for services of the University Architect's Office:

- \$ 1,350.00 from Rotary 12261 to G-2-B Indoor Practice Section of Field House Group, H.B. 929
- 4,100.00 from Rotary 12261 to G-2-C Residence Halls for Women Unit "E," H.B. 929
- 100.00 from Rotary 12261 to G-2-D Television Station, H.B. 929
- 500.00 from Rotary 12261 to G-2-G Architect's Office, Research Center, H.B. 929
- 11,000.00 from Rotary 12261 to G-2-E Research Center Rehabilitation, H.B. 929
- 5,000.00 from Rotary 12261 to G-2-F Baseball Stadium, H.B. 929

The last two items are for preliminary plans, specifications and studies on new projects.

Upon motion of Mr. Black, seconded by Senator Bricker, the above recommendation was unanimously approved.

The President now reported to the Board the deaths of Mary Jeanette Drucker and Roderick Peattie, and in accordance with the recommendations of the Board of Trustees, copies of the following resolutions, expressing on behalf of the University the sorrow and sympathy of the Board, have been furnished to the families of the deceased.

The Board of Trustees expresses its sorrow at the death of Mary Jeanette Drucker, Instructor in Education and Assistant

State Supervisor of Guidance Services, on June 14, 1955. Miss Drucker was on leave of absence from the College of Education and just beginning a four-month assignment as a United Nations Technical Assistant, assigned to the International Labor Organization in Jerusalem, Israel. She was killed in a car-truck collision on her way from Lydda airport into Jerusalem following an eight-day briefing session in Geneva, Switzerland.

Miss Drucker attended Smith College, received her A.B. degree from the University of Cincinnati, her M.A. degree from Columbia University, and had taken advanced graduate training at Ohio State University.

A native of Cincinnati, Miss Drucker began her professional career in 1926 as an educational and vocational guidance counselor in Cincinnati's public schools. In 1937 she was appointed assistant state supervisor of Occupational Research and Guidance for the National Youth Administration in Ohio and in 1941 she became supervisor of the Columbus counseling center of the U. S. Employment Service in Ohio.

From August, 1943 to January, 1946 Miss Drucker served as an officer in the WAVES of the U. S. Navy in Washington, D. C. and Great Lakes, Illinois. Following the war years she continued in the U. S. Naval Reserve and held the rank of Lt. Commander. Following her military service, Miss Drucker returned to the Ohio State Employment Service where she served as chief of employment counseling and as an industrial services consultant.

In 1948 she was appointed to the position of Assistant State Supervisor of Guidance Services in the State Department of Education and Instructor in the Ohio State University, College of Education. Her duties, in addition to teaching at Ohio State University included consultation with public schools throughout the state on problems of guidance program initiation and expansion, preparation of materials for in-service training, editing the state guidance newsletter, "Guidance News and Views", and numerous other activities of direct service to the University and the public schools of Ohio.

Miss Drucker was a professional member and past trustee of the National Vocational Guidance Association, serving as national treasurer of this organization during 1952; for the past seven years she has been a member of the National Association of State Guidance Supervisors and Counselor Trainers, serving as national secretary during 1954. She has been an active member of many other professional guidance and personnel groups, including the National Association of Public Employment Services, the Tri-State Pupil Personnel Association, the Ohio Education Association, the National Urban League, the International House Association, and Alpha Delta Kappa, Honorary in Sociology. From 1951 until the time of her death she served as a member of the staff and office committee of the Columbus Girl Scout Council which has established a "Mary J. Drucker Memorial Fund" to provide camp scholarships for worthy girl scouts in her honor.

Miss Drucker's entire professional life has been purposefully spent in the service of Ohio youth and she will long be remembered by guidance workers in Ohio schools for her deep personal interest in their problems and for her teachings on campus and consultation and guidance as she called on them throughout the state.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

The Board of Trustees expresses its sorrow at the death of Roderick Peattie, Professor of Geography, on June 18, 1955. He came to the University in 1920 to teach in the Department of Geology. He became Professor of Geography in 1925.

Professor Peattie was born in Omaha, Nebraska, in 1891. He graduated from the University of Chicago in 1914 and received his Doctor of Philosophy degree from Harvard University in 1920. Before coming to Ohio State, he was an assistant at the University of Chicago and also taught at Radcliffe, Williams College, and at Harvard.

Professor Peattie was a veteran of World War I, having served as an instructor in the Army Engineers School with the AEF in Europe.

Dr. Peattie's books were both in his field and of general interest. They included "Incurable Romantic," "Geography of Ohio," "College Geography," "Mountain Geography," "Rambles in Europe," "Exploring Geography," "Geography in Human Destiny," "How to Read Military Maps," "Look to the Frontiers" and "Struggle in the Veld."

He was the editor of the American Mountain Series, published by Vanguard Press.

He was a member of the Association of American Geographers, Ohio Academy of Science, Sigma Xi, and Alpha Delta Phi fraternities.

Professor Peattie's death has brought a deep sense of loss to his many friends and associates. His rare teaching talents and his broad and tolerant approach to all human problems enabled him to make rich contributions to the life of his students. His numerous publications and his marked literary skills brought high distinction to his department and to the University.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

Thereupon the Board adjourned to meet Tuesday, September 6, 1955 at Gibraltar Island, Ohio.

Attest:

President Bevis presented the following miscellaneous recommendations:

That the following leaves of absence, with salary, be granted:

Mary Alice Diehl, Union County Home Demonstration Agent, for the period October 1, 1955 through December 31, 1955, for graduate study at the Ohio State University;

William E. Gill, Extension Agricultural Engineer, for the period September 16, 1955 through January 31, 1956, for graduate study at the University of Wisconsin;

Robert E. Laubis, Associate County Agricultural Agent, for the period October 1, 1955 through December 31, 1955, for graduate study at the Ohio State University;

Anita Rose McCormick, Lake County Home Demonstration Agent, for the period October 1, 1955 through December 31, 1955, for graduate study at the Ohio State University.

That the following leaves of absence, without salary, be granted:

George R. Gist, Extension Agronomist, for the period July 1, 1955 to June 30, 1956, for graduate study at Purdue University;

Frederick C. Wise, Associate County Extension Agent, Huron County, for the period July 1, 1955 to December 15, 1955, for graduate study at Ohio State University;

Dorothy S. Buck, Home Demonstration Agent, Greene County, for the month of July, 1955, so that she may take time for a trip that exceeds her normal vacation.

John H. Herrick, Research Associate and Professor in the Bureau of Educational Research, for the period October 1, 1955 through January 31, 1956, so that he may serve as Executive Secretary to the Ohio White House Conference Committee on Education;

That the increase in salary and change in service from three quarters to twelve months for W. Hayes Yeager, Professor and Chairman, Department of Speech, be postponed to October 1, 1955 and that he be given a special contract at \$2,682.00 for the Summer Quarter 1955;

That the effective date in the contract of Dr. Chauncey D. Leake, Assistant Dean and Professor of Pharmacology, be changed from September 1, 1955 to August 15, 1955;

That the effective date in the appointment of Sophia A. Rossiter, Instructor in Nursing, be changed from July 1, 1955 to October 1, 1955;

That the effective date in the appointment of Dorothy Snyder, Associate Dean of Women, be changed from August 16, 1955 to September 1, 1955;

That the action of the Board of Trustees on July 11, 1955, increasing the non-resident fee from \$85.00 to \$125.00 per quarter, be amended to read "effective Autumn Quarter 1955" instead of "effective October 1, 1955."

That the sum of \$4,000.00 be transferred from Dairy Plant Rotary 15954 to Rotary 13156 for the use of the Department of Dairy Technology;

That the University Hospital be permitted to transfer employees from A-1 to Rotary or vice versa as needed to balance expenditures from these two funds.

That the Ohio Aviation Board be authorized to construct buildings at Don Scott Airport for the sum of \$150,000.00, which amount was appropriated for this purpose by the 101st General Assembly within the Amended House Bill 932 under G-2 Buildings. The purpose of such buildings would be to serve as a hangar for all aircraft owned by the Highway Department, Highway Patrol, Forestry Department, and the Ohio Aviation Board, to provide shop space satisfactory to maintain these aircraft, and to construct an annex on the aforesaid hangar building of sufficient size to serve as administrative offices for the Ohio Aviation Board.

It is proposed that the hangar and maintenance shop will have a floor space of approximately 9,000 square feet with the office build-

ing covering another 1,500 square feet. Utilities for the above buildings are to be supplied by a separate well, septic tank, and heating equipment and are to be included in the total project.

That the agreements between the Ohio State University and the State Department of Education, Division of Vocational Education, covering the following contracts for the year beginning July 1, 1955 and ending June 30, 1956, be approved:

Vocational Agriculture
Vocational Home Economics
Distributive Education
Guidance Services
Trade and Industrial Education

That the agreements between the Ohio State University and the State Department of Education, Division of Special Education, covering the following contracts for the year beginning July 1, 1955 and ending June 30, 1956, be approved:

Slow-Learning Classes for Handicapped Children
Child Study of Handicapped Children

That the agreement between the Ohio State University and the Ohio Department of Highway Safety, covering the conduct of a research in the field of Highway Safety, be approved;

That the agreement between the Ohio State University Hospital and the Columbus Cancer Society, for cancer research purposes, for a period of five years, beginning September 6, 1955 and ending September 6, 1960, as approved;

That the Agricultural Marketing Act Contract between the Ohio State University (through the Agricultural Extension Service) and the U. S. Department of Agriculture for a Consumer Food Marketing Information Program in the Cincinnati Area, for the period August 6, 1955 through August 5, 1957, be approved.

Student Accident and Sickness Insurance

General Dargusch presented the following resolution and moved its adoption:

Resolved: That the action of the University Administration taken pursuant to the prior action of the Board of Trustees in selecting the insurance carrier for the Student Accident and Sickness Insurance Program, and working out the details of the plan, be approved.

That the Continental Casualty Company be designated as the carrier company, and that it be authorized to provide the insurance contemplated.

And that the Bursar's Office of the University be authorized to collect the premiums from students, and to pay the same, according to the contract to the said Continental Casualty Company.

This motion was seconded by Senator Bricker and upon roll call was approved by unanimous vote.

* * * * *

General Dargusch moved that there be appropriated from the Interest on Endowment Fund, the following amounts:

President	\$3,000.00
Vice President Heimberger	1,000.00
Vice President Stradley	1,000.00
Vice President Taylor	1,000.00

Said funds are to be used by the officers named for necessary expenditures in the carrying out of official responsibilities.

Judge Gorman seconded this motion, and upon roll call, it was approved by unanimous vote.

* * * * *

Compensation of Officers of the Board of Trustees

General Dargusch advised the Board that at the July 11th meeting, the compensation of the several officers of the Board was fixed at \$54.00 per annum, and the same should have been fixed at \$1.00 per annum. Thereupon General Dargusch moved that the minutes be corrected accordingly.

This motion was seconded by Senator Bricker, and upon roll call was unanimously approved.

Army R. O. T. C. Program

General Dargusch presented the following resolution and moved that it be approved:

WHEREAS the Department of the Army desires to convert the present Branch Materiel R. O. T. C. Program to Branch General and has requested the University to approve such change, and

WHEREAS the change from Branch Materiel to Branch General appears to be in the best interest of the University and the Army.

NOW, THEREFORE BE IT RESOLVED that the Board of Trustees approve the change from Branch Materiel to Branch General, effective with the Fall Quarter, 1956.

The above motion was seconded by Senator Huffman, and upon roll call was approved by unanimous vote.

* * * * *

General Dargusch stated that at the December 10, 1951 meeting of the Board, he had been named as Chairman of the Investment Committee, and that he now wishes to resign from said position because of the work required on the Retirement Committee.

The Board by unanimous vote accepted said resignation, and Chairman Ketner then appointed Senator Bricker to serve as Chairman of the Investment Committee.

* * * * *

Federal Employees Group Life Insurance

General Dargusch now presented the following motion and moved its adoption:

That the President be authorized to execute the agreement covering voluntary group Insurance for members of the Agricultural Extension Service under the Federal Employees Group Life Insurance Act of 1954, and that he be authorized to take all actions which may be required of the University in the carrying out of such agreement.

The above motion was seconded by Judge Gorman and upon roll call was unanimously approved.

The Vice President and Business Manager reported that the
 University Cabinet, acting under authority granted by this Board, and
 pursuant to legal advertisement, has received bids and approved the

Director of Physical Plant's recommendation to reject the bids received. It is now recommended that the actions of the Cabinet be approved by the Board of Trustees.

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on August 23, 1955 for the purpose of opening bids on REMODELING OUTSIDE AIR INTAKE FACILITIES IN OHIO UNION. Given below is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Lieb-Jackson, Inc.	\$13,997.00
Limbach Company	14,200.00
Huffman-Wolfe Company	17,700.00

"The engineer's estimate for the above work was \$11,000.00. Due to the fact that the low bid was \$2,997.00 above the engineer's estimate, I wish to recommend that all bids be rejected and that we be permitted to restudy the plans and specifications and resubmit this project at a later date."

Upon motion of Judge Gorman, seconded by Mr. Black, the above actions of the Cabinet were approved by unanimous vote.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects as prepared by the Director of Physical Plant and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable From</i>
<i>Steam and Gas Lines to the New Law Building</i>	\$27,500.00	
	To be paid from G-32 Other Capital Outlay, H.B. 932.	
<i>Electric Lines to the New Law Building</i>	\$15,000.00	
	To be paid from G-32 Other Capital Outlay, H.B. 932.	
<i>New Fence for Football Practice Fields and Varsity Tennis Courts</i>	\$10,500.00	
	To be paid from a transfer of funds from Department 804, Rotary A, General University Funds to G-32-A New Fence for Football Practice Fields and Varsity Tennis Courts, H.B. 929. This project was approved by the Athletic Board on July 13, 1955 and will be paid out of their budget.	

Upon motion of Senator Bricker, seconded by Mr. Black, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice-President and Business Manager was directed to present them to the Director of Public Works for his approval and, if so approved, to advertise for bids in accordance with law. The Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to recommend to the Director of Public Works the award of such contracts. All actions of the Cabinet on these matters are to be reported to the Board at a later meeting.

IV—Electrical Contract		56,500.00
		<hr/>
Total		\$855,000.00

This project will be financed by a Bond Issue on Residence Halls.

Upon motion of Senator Bricker, seconded by Mr. Black, the Board by unanimous vote approved said documents and directed the Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to present them to the Director of Public Works for his approval and, if so approved, to advertise for bids in accordance with law. The Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to recommend to the Director of Public Works the award of such contracts. All actions of the Cabinet on these matters are to be reported to the Board at a later meeting:

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on August 23, 1955, for the purpose of opening bids on EXTERIOR PAINTING STARLING-LOVING HALL; TWO ASH SILOS ON POWER HOUSE; DAIRY AND BEEF CATTLE, SHEEP AND SWINE BARN; TWELVE FARM RESIDENCES; THREE H & F QUONSETS; RESEARCH CENTER BUILDINGS; AND AGRO-NOMY SHED. The following is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Art Kraft Decorator, Inc.	\$23,900.00
Bexley Decorating Company	32,690.00
General Maintenance & Engineering Co.	33,512.00

"The engineer's estimate for the above work was \$25,000.00. The low bid of Art Kraft Decorator, Inc., is regular in every respect and is below the engineer's estimate. Therefore, I wish to recommend that The Ohio State University enter into a contract with Art Kraft Decorators, Inc., at their bid of \$23,900.00."

Funds for the execution of this contract, which is recommended for award, will be provided from F-1 Building Repairs, H.B. 929.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of contract for Repair to Roofs on Robinson and Mendenhall Laboratories, and Repair of Gutters on Veterinary Clinic, to the low bidder and now recommends that the actions of the Cabinet be approved by the Board of Trustees.

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on August 23, 1955, for the purpose of opening bids on REPAIR TO ROOFS ON ROBINSON AND MENDENHALL LABORATORIES, AND REPAIR OF GUTTERS ON VETERINARY CLINIC. The following is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Phil F. Kromer & Son, Inc.	\$11,800.00
The Geo. Snyder & Sons Company	15,801.00
Limbach Company	23,927.00

"The engineer's estimate for the above work was \$17,200.00. The low bid of Phil F. Kromer & Son, Inc. is regular in every respect and is below the engineer's estimate. Therefore, I wish to recommend that The Ohio State University enter into a contract with Phil F. Kromer & Son, Inc., at their bid of \$11,800.00.

Funds for the execution of this contract, which is recommended for award, will be provided from F-1d Roofing, H.B. 929.

Upon motion of Mr. Kettering, seconded by Senator Bricker, the above actions of the University Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of contract for Repair to 2,000 feet of Curb on Campus Roadways to the low bidder and now recommends that the actions of the Cabinet be approved by the Board of Trustees.

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on August 23, 1955, for the purpose of opening bids on REPAIR TO 2,000 FEET OF CURB ON CAMPUS ROADWAYS. The following is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
American Terrazzo & Cement Co.	\$6,500.00
Borean Cement Contractors	6,500.00
Legg & Davis Contractors	8,000.00

"It will be noted that the two low bids are exactly the same. Therefore, in the presence of the two low bidders and with their agreements, we determined by lot which company should receive the award. By this method the contract should be awarded to the Borean Cement Contractors.

"The engineer's estimate for this project was \$6,000.00. There were three companies that took out specifications on this project and as shown above we received three bids all of which exceed the estimate of cost filed with the Auditor of State.

"It is my opinion that we would be unable to obtain either a lower bid or wider competition should we readvertise this project. Therefore, I wish to recommend that permission be requested from the Board of Control to award this contract to Borean Cement Contractors, notwithstanding the fact that their bid of \$6,500.00 exceeds the filed estimate of cost."

The Controlling Board has been requested to approve the award of this contract notwithstanding the fact that it is higher than the Estimate of Cost as filed with the Auditor of State and the fact that it is the same amount as one other bid received.

Funds for the execution of this contract, which is recommended for award if Controlling Board approval is received, will be provided from F-1c Road and Sidewalk Repairs, H.B. 929.

Upon motion of Mr. Kettering, seconded by Senator Bricker, the above actions of the University Cabinet were approved by unanimous vote.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of contract for Remodeling Heating System in Military Science Building to the low bidder and now recommends that the actions of the Cabinet be approved by the Board of Trustees.

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on August 30, 1955, for the purpose of opening bids on REMODELING HEATING SYSTEM IN MILITARY SCIENCE BUILDING. The following is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Piping Contractors Company	\$ 9,075.00
Columbus Heating and Ventilating Co.	9,525.00
Limbach Company	10,718.00

"The engineer's estimate for this project was \$9,000.00. There were four companies that took out specifications on this project and as shown above we received three bids all of which exceed the estimate of cost filed with the Auditor of State.

"It is my opinion that we would be unable to obtain either a lower bid or wider competition should we readvertise this project. Therefore, I wish to recommend that permission be requested from the Board of Control to award this contract to Piping Contractors Company, notwithstanding the fact that their bid of \$9,075.00 exceeds the filed estimate of cost."

The Controlling Board has been requested to approve the award of this contract notwithstanding the fact that it is higher than the Estimate fo Cost as filed with the Auditor of State.

Funds for the execution of this contract, which is recommended for award if Controlling Board approval is received, will be provided from F-1 Building Repairs, H.B. 929.

Upon motion of Mr. Kettering, seconded by Senator Bricker, the above actions of the University Cabinet were approved by unanimous vote.

The Vice President and Business Manager presented the following resolution for the approval of the Board of Trustees:

BE IT RESOLVED by the Board of Trustees of The Ohio State University that there be called for redemption on October 1, 1955, Dormitory Revenue Bonds in the amount of \$70,000.00. The bonds to be retired are as follows:

Bonds No. 43 and No. 44 for \$5,000.00 each, held by the School Employees Retirement System

Bonds No. 45 to No. 50 inclusive for \$5,000.00 each, held by the Public Employees Retirement System

Bonds No. 51 to No. 56 inclusive for \$5,000.00 each, held by the Public Employees Retirement System

This action is in accordance with the maturity schedule as shown in Section 1 of the indenture.

BE IT FURTHER RESOLVED that the interest on said bonds for the period April 1, 1955 to October 1, 1955 be paid to the respective retirement systems.

Upon motion of Judge Gorman, seconded by General Dargusch, the above resolution was approved by unanimous vote.

The Vice President and Business Manager presented the following report and recommendation:

The contract for architectural services for the Law Building between the State of Ohio and Potter, Tyler, Martin & Roth included the building only. It is desirable that the same architects design the utilities tunnel leading to the building.

It is therefore, recommended that the Board of Trustees amend the contract with Potter, Tyler, Martin & Roth extending their services to include complete architectural and engineering services for the construction of the utilities tunnel to serve the new Law-First Section of Classroom Administration Building. It is further recommended that the fee for the architectural services be six per cent of the contract cost of the tunnel.

Upon motion of Mr. Black, seconded by Judge Gorman, the above recommendations were unanimously approved.

Vice President Heimberger reported orally upon developments

in his area of responsibility. In the course of his report, he discussed the possible role of this University in the total program of higher education in this state. He commented upon the nature of the new University which is being built upon firm foundations laid down in the past. The faculty salary situation was reviewed and substantial progress noted. Warning was given, however, that the critical period of intense competition lies ahead and must be faced boldly if the University is to have a teaching and research staff of the highest quality.

Emphasis was placed upon building an adequate library collection, upon procurement of expensive teaching and research equipment, upon the need for improvement in the travel situation and upon the problem of making the results of scholarly investigation known and useful to others through proper publication.

Recent trends in teaching, research and service were then discussed. He noted particularly the growth of continuing education and an increasing trend toward the kind of basic instruction which, in any field, contributes to the adaptability, originality and future development of the student. The problem of intense specialization through highly particularized "know how" courses based largely upon what is now known was discussed at some length. It was his opinion that progress is being made toward the solution of this problem.

He also spoke of the influence of goals and values upon the future development of the University and its staff. He emphasized that, while adequate salaries and physical facilities are of great importance, understanding and pride in what the University stands for are at least equally essential. Facing a period of intense competition for the best in college and university faculties, this University must give careful attention to the relative importance of the almost countless ventures which comprise its total effort. Its scale of values may prove to be a deciding factor in its growth to full maturity and maximum service.

The Board now recessed to meet in the morning at 9:00 a.m.

September 7, 1955

The Board convened at 9:00 a.m. with the same members present as yesterday, except Mr. Black.

Vice President Taylor now presented to each member of the Board, a detailed financial report containing six sections covering the following items:

1. General Financial Statement for entire University
2. Department of Athletics
3. The Ohio Union
4. Dormitories and Dining Halls
5. American Gas & Electric stock option plan
6. Investments

The information contained in each of the six sections was then carefully explained in detail.

Financial Report—Mr. Taylor

During the course of his report to the Board, the Vice President and Business Manager presented an analysis of the common stock holdings of the University as of September 7, 1955. Detailed statements were given to each member of the Board and emphasis was placed on the following:

- (a) stock purchases for the portfolio
- (b) the transfer of 62,235 shares of American Gas and Electric Company common under the Key Employees Stock Purchase Plan of the Company. This agreement was entered into by President Bevis and Vice President Taylor on June 15, 1955 under the authority granted them by the Board in its action of May 10, 1954. To September 7, 1955, shares totaling 62,235 (of an offered number of 98,390) were transferred by the University at a price of \$2,876,342.75. (These transfers were made wholly without cost—brokerage or otherwise—with the exception of the transfer tax and stamps which are estimated to be \$2,500.00 total for the shares already transferred. The shares transferred were carried on the University's books at \$1,800,273.28 and the transfer resulted in a realized appreciation of \$996,069.47 before the nominal cost of transfer tax and stamps.)

Upon motion of Senator Huffman, seconded by Senator Bricker, the Board of Trustees unanimously approved and ratified the actions taken to date by President Bevis and Vice President Taylor with respect to the handling of the common stocks of the University with special reference to and approval and ratification of the following:

1. All purchases to date of common stock as a temporary employment of income or reinvestment of principal.
2. The approval of the entering into the agreement by President Bevis and Vice President Taylor under date of June 14, 1955, with the Guaranty Trust Company of New York (for the American Gas and Electric Company) for the transfer without cost to the University (other than the minor transfer tax and stamps) of not to exceed 98,390 shares of American Gas and Electric Company common for the purposes of the Key Employee Stock Purchase Plan of the Company.
3. The approval of the transfer of 62,235 shares of American Gas and Electric Common at a total price of \$2,876,342.75 under this Plan.
4. The approval of the further transfer up to the agreed total of 98,390 of additional shares under this Plan.
5. The purchase of the shares of other companies by President Bevis and Vice President Taylor as a reinvestment of the funds

arising from the transfer. These shares are set forth in the holdings of the University on September 7, 1955, and reflected in the list of holdings of common stock as supplied to the Board on that date. (All transactions are carried in detail on the general books and are audited currently by the Auditor of State.)

The President now reported to the Board the deaths of Raymond Carroll Osburn and William Davis Turnbull, and in accordance with the recommendations of the Board of Trustees, copies of the following resolutions, expressing on behalf of the University the sorrow and sympathy of the Board, have been furnished to the families of the deceased.

The Board of Trustees expresses its sorrow at the death of Raymond Carroll Osburn, Professor Emeritus of Zoology and Entomology, on August 6, 1955.

Professor Osburn was one of the last of the old-time naturalists, a profound student in the myriad forms of plant and animal life (and insects), and paleontologic and geologic history through the ages. His delight in fieldwork and every aspect of Nature, was enhanced by his vast knowledge, understanding and interpretation of their progress and meaning through all time.

He was born January 4, 1872 on a farm in Licking County near Newark, Ohio. Due to certain physical handicaps he was deprived of much of the formal school experiences. In these early formative years his mother taught him, giving him the necessary background from which to ascend to heights of understanding through prodigious reading and his infatuation for the facts of nature that he gleaned from woods and fields of the countryside in which he spent his youth. With this uncommon substitute for formal training he entered Ohio State University as a special student at the age of 23. It was not long, however, before he earned for himself regular academic standing and was given the Bachelor of Science degree in 1898. After graduation he taught classes at Starling Medical College and gained the Master of Science degree from his Alma Mater. With this he went to Fargo College, North Dakota, and then to Columbia University to earn his Doctor of Philosophy degree in 1906. While at Fargo he met Miss Mary Hubbell, one of his students, whom he later married on August 19, 1903. She was his wife and helper throughout the remaining years of his life.

He also held such positions as Assistant Professor at Barnard College of Columbia University, Professor and head of the Biology Department of the Connecticut College for Women, Scientific Investigator for the United States Bureau of Fisheries, and Associate director of the New York Aquarium.

When Professor Herbert Osborn retired from the chairmanship of the Department of Zoology and Entomology the university looked about for an outstanding candidate for the place. It was Raymond Osburn whom they chose to hold this post for 25 years. This was a period of rapid growth for the University and splendid expansion of the Department under his guidance. It has been said that it was Raymond Osburn "who was one of the first conservation workers in Ohio . . . and made possible the establishment of the Ohio Wildlife Research Station." He became Emeritus Professor in 1942.

For 20 years he guided the destinies of the Franz Theodore Stone Laboratory at Put-in-Bay, Ohio and largely through his efforts the University acquired possession of Gibraltar Island with the generosity of Mr. Julius F. Stone. Dr. Osburn was a member of the national honorary Society of Sixma Xi and held membership in 15 scientific societies. Early in his career he was sent by the American Museum of Natural History to study the aquatic life of the Caribbean Sea. Bryozoa, fishes and insects were his chief groups of interest on which he published many papers. Such was his reput that after retiring from the chairmanship of his Department he was called to California to work on the collections of Bryozoa made by the Hancock Foundation expeditions in Pacific waters from Alaska to Peru. As a result he prepared three noteworthy volumes on his studies. For the excellence of one of these he was awarded the Daniel Giraud Elliot 1950 gold medal by the National Academy of Science. In 1949 the Ohio State University awarded him the honorary degree of Doctor of Science.

A full life of distinguished service and accomplishment for science included a continuing influence upon devoted students the world over; his philosophy in Christian living; his pleasure in literature, history and the arts, and his fellowship with friends. His continued interest in the affairs and growth of the University since he entered it in 1894 has been one of his major concerns. The Golden Circle Certificate was issued to him in June, 1948 by the Ohio State University Association.

The philosophy and character of Dr. Osburn is reflected in the volume of 165 letters sent to him at his retirement in 1942 containing such expressions as:

" . . . your kind and sympathetic attitude has constantly been an inspiration to me."

"Sir, I salute you, great teacher, perfect gentleman, naturalist of the old school, and, above all, a true friend."

" . . . The kindness of the man himself, his comprehensive soul, his deep, unerring instinct as to each person's goal."

One might go on and on in similar vein to the eternal glory of the man. But let us close with a few lines which he himself wrote as he contemplated his retirement.

"What pleases me most, looking back o'er the years,
 As the time for retirement now rapidly nears,
 Is the progress of students I've worked with, and on,
 As out to the world and its work they have gone.
 And I like to think, maybe, I've had a small part
 In giving a fine bunch of men a good start.
 For a teacher there can be no greater reward,
 Though his days may be long and his labors be hard,
 Than noting the heights which his students attain,
 And feeling his efforts have not been in vain."

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

The Board of Trustees expresses its sorrow at the death of William Davis Turnbull, Junior Dean Emeritus of the College of Engineering, on August 25, 1955.

Dean Turnbull was born in Ironton, Ohio on December 5, 1883 and graduated from the College of Engineering at the Ohio State University in 1908 with the degree of Civil Engineer. Following two years of professional experience as Assistant City Engineer of Ironton, Ohio; City Engineer of Cattletsburg, Kentucky; and Assistant County Engineer at Painesville, Ohio he returned to his Alma Mater in 1910 as an instructor in the Department of Engineering Drawing. He was appointed professor in that department in 1923. His ability as a draftsman, particularly in the art of lettering and illumination, gained for him national recognition. He was responsible for the production of the "Official Highway Map of Ohio." He assisted in preparing "The Base Map of Ohio" and "Geologic Map of Ohio." He contributed to the first edition of the internationally famous textbook, ENGINEERING DRAWING—Thomas E. French, and was also co-author with the late Professor French of "Lessons in Lettering"—Books I and II. His illuminations, chief of which were his contributions to the book presented to the late Dr. W. O. Thompson upon his retirement as President of the University, are considered among the finest ever produced anywhere.

As a teacher, his keen sense of humor, coupled with his outstanding ability and his phenomenal memory, gained a position of great respect and admiration among his students. His debates with the late Professor C. E. Sherman, Chairman of the Department of Civil Engineering were recognized as "classic renditions" by all students and faculty who heard them at the annual Engineers Round-Up.

Dean Turnbull became Secretary of the College of Engineering in 1922 and served the College in this capacity while teaching full time in the Department of Engineering Drawing until 1928 when he was made Junior Dean of the College. He then devoted his full time to this position until his retirement in 1954, except for one year, 1936, when he served as Acting Dean of the College.

As an administrator, Dean Turnbull was extremely well liked by the students in the College of Engineering because of his kindness, his keen interest in their problems, and helpful counsel.

Dean Turnbull was a past president of the Faculty Club, Charter Member of University Masonic Lodge, Member of American Society for Engineering Education, American Academy of Political and Social Science, Tau Beta Pi, Sigma Xi, and Acacia Fraternity.

Besides his wife, Pansy, the survivors are one daughter, Mrs. Wildah Walkup of Ames, Iowa; four grandchildren; and two sisters, Mrs. Helen Winkel and Mrs. Grace Ownby, both of Ironton.

In campus and community life he was an active and helpful associate and neighbor; his forty-five years of continued and devoted service to this University have been greatly cherished by the faculty, administration, students, and alumni who have had the privilege of working with him.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

Thereupon the Board adjourned to meet at Wooster, Ohio on October 9, 1955.

Attest:

President Bevis presented the following miscellaneous recommendations:

That Francis W. Davis, part time Clinical Assistant Professor, Obstetrics and Gynecology, College of Medicine, who is on leave for the year 1955-1956 and is asking for retirement on September 30, 1956, be granted permission to drop out of the University supplementary retirement program as of September 30, 1955;

That Gerhard A. Brecher, Julius F. Stone Research Professor in the Department of Physiology, be placed in State Teachers Retirement and Group Insurance, beginning October 1, 1955;

That the leave of absence of Robert W. McCormick, Assistant State 4-H Club Leader, for the period October 1 to December 31, 1955

be cancelled, since the change in the supervisory staff includes the promotion of Robert W. McCormick to District Supervisor for south-west Ohio;

That the effective date in the appointment of Juergen Meyer-Arendt, Associate Professor in the Department of Pathology, be changed from October 1, 1955 to August 15, 1955;

Leaves of Absence with Salary

That the following leaves of absence, *with salary*, be granted:

Mary Alice Diehl, Home Demonstration Agent, Union County, for the period October 1 to December 31, 1955 for graduate study at The Ohio State University;

William E. Gill, Extension Agricultural Engineer, for the period September 16, 1955 to January 31, 1956, for graduate study at the University of Wisconsin;

Robert E. Laubis, Associate County Extension Agent, Logan County, for the period October 1 to December 31, 1955, for graduate study at The Ohio State University;

Anita R. McCormick, Home Demonstration Agent, Lake County, for the period October 1 to December 31, 1955, for graduate study at The Ohio State University;

Ralph H. Grimshaw, Extension Specialist in Animal Science, for the period October 1 through December 15, 1955, for graduate study at Michigan State University.

Leaves of Absence without Salary

That the following leaves of absence, *without salary*, be granted:

Dr. John N. Wolfe, Professor, Botany and Plant Pathology, for the period October 1, 1955 through September 30, 1956, to accept a temporary position as Ecologist in the Division of Biology and Medicine of the United States Atomic Energy Commission;

Wayne Wonderley, Assistant Professor of German, for the period October 1, 1955 through September 30, 1956, to accept a Fulbright research grant at the University of Munich, Germany;

Elsie J. Alberty, Assistant Professor in the University School, for the period October 1, 1955 through September 30, 1956.

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

\$100,000 from the American Federation of Labor, Washington, D. C., for the William Green Memorial Fund.

William Green Memorial Fund

This Fund is being established May, 1955 through a gift of \$100,000 from the American Federation of Labor in honor of and in memory of William Green, former president of the American Federation of Labor from 1924 to 1952. Mr. Green was born in Coshocton, Ohio, March 3, 1873 and rose from the ranks to labor statesmanship. He helped to define a significant period of labor history and philosophy.

The principal is to be invested in accordance with Section 3335.12 G.C., the income to be used in the following manner:

1. Two undergraduate scholarships in the liberal arts, carrying a minimum annual stipend of approximately \$800.00 annually.

2. Two graduate scholarships or fellowships in the field of labor and industrial relations carrying an annual stipend of approximately \$1,800.00.

3. A number of annual grants to trade union members wishing to attend labor institutes conducted jointly by the unions and The Ohio State University.

The selection of candidates shall be made a committee appointed by the President of the University consisting of four members from the departments of the social sciences, two representatives from the Ohio State Federation of Labor, and the senior member of the campus teaching staff in the area of labor economics who shall serve as Chairman.

If in any year the scholarships, or fellowships, or grants are not awarded, the interest on the Fund may be added to the principal or be devoted to uses recommended by the Committee.

In case the designated uses for these funds should cease or diminish so as to create unused funds, then on the recommendation of the committee administering the Fund, the Board of Trustees of The Ohio State University may use said income for the purpose of furthering education consistent with the original purpose of the Fund. The Committee shall preserve the approximate real value of all grants in terms of purchasing power by adjusting the number of grants and the amounts of the stipends.

The recipients shall be known as William Green Fellows or Scholars and the American Federation of Labor shall annually receive a list of their names.

That, in accord with the will of Joseph Carl Troutman and the recommendation of the committee established by the will, the principal amount of the money he left to the University be placed in the irreducible debt of the State of Ohio, and that the interest be added to the principal until the sum of \$20,000.00 is available. After this sum has been reached, the interest is to be used for scholarships.

India Contract

President Bevis made the following report on the India Contract:

In accordance with the authority granted by the Board of Trustees on July 11, 1955, the contract with the International Cooperation Administration was signed on September 21, 1955 and returned to Washington, D.C., where it was signed by the Contracting Officer on September 22, 1955.

The overhead rates were fixed at 45% of salaries and wages for "on-campus" personnel and 14% of salaries and wages for "off-campus" personnel. These rates are subject to adjustment based on the rate applicable to U. S. Government Research and Development Contracts to be developed by the Department of the Air Force as of January 1, 1956.

The contract provides for an operating budget of \$499,110 and equipment purchases of \$241,260 and is effective for the period September 12, 1955 to March 30, 1958.

On motion of Senator Huffman, seconded by Judge Gorman, these recommendations of the President were approved by unanimous vote.

Student Enrollment and Scholarship Awards

Vice President Stradley now presented the following report, relating to student enrollment and scholarship awards:

There are 21,600 students in The Ohio State University for the Autumn Quarter 1955 as compared with 20,350 a year ago. This is

an increase of 1,250. In the total enrollment of 21,600 there are 7,226 new students. The new student enrollment consists of 5,296 freshmen and 1,930 advanced students, who have transferred from other institutions of higher learning to this university. Practically all of the transfer students have met the faculty requirement of a satisfactory academic record. It is interesting to note that one-half of the freshman class comes from the upper-third of their high school classes and one-third of the freshmen ranked in the middle of their senior classes. By means of scholarships, loans, and jobs we are able to attract more students who have academic potential but financial need. Many of these fine students want an opportunity to help themselves. We believe that by this means, in addition to the effective presentation of The Ohio State University offerings at high school college nights, the academic quality of the student body is improving.

During the last few years it has been gratifying to observe a marked increase in the number of scholarship awards to freshmen and a few sizable awards to outstanding students with financial need. The most substantial awards to freshmen are the new General Motors awards. One phase of the new expansion in the General Motors Program in financial support to higher education is the awarding of scholarships to 350 students enrolling as freshmen this year in some 300 colleges throughout the country. Awards under this program range up to \$2000 a year depending upon "demonstrated need." These awards will continue through the four years of the student's undergraduate course provided his record justifies.

Five of these awards were designated for freshmen entering The Ohio State University. Each of the five students selected has established a superior academic record in an Ohio high school and has demonstrated outstanding leadership as well as high personal integrity.

They include two young men who are freshmen in the College of Engineering. One ranked second academically in a class of 102 with high test scores and fine personality. His activities included: Vice President of the Student Council, President of the Senior Class. While establishing this superior academic and activities record, he has been enterprising enough to earn and accumulate \$2,500 toward his university expenses by raising livestock. The other ranked first academically in a class of 58. His principal indicated that he is the most outstanding student in mathematics and science he has known in 27 years in the public schools. His test scores are high.

The one young woman selected is talented in speech, dramatics and journalism and is the first girl ever to be selected as President of the Senior Class in the high school she attended in one of our larger cities.

Also included are two young men entering the pre-medical curriculum. One ranked 15th academically in a class of 250, was Junior Class President, a member of Student Council, an Eagle Scout, and an outstanding athlete, who had high scores on College Board examinations. The other ranked academically in the top five per cent of a class of 600 with high test scores—an outstanding leader and a young man of fine character.

The Vice President and Business Manager presented the proposed budget of The Ohio State University Research Foundation in the amount of \$344,568 for the year 1955-56. This compares with a total of \$306,300 for 1954-55.

This increase is accounted for principally by (1) an increase in the new salaries account to provide for merit raises, (2) the introduction of a new account to cover payments into the retirement fund, and (3) introduction of two new accounts—Disallowed Costs and IBM Rental and Supplies—to replace the contingencies account, and representing an increase thereof.

In accordance with the procedure established for the Research Foundation funds, it is recommended that the proposed budget of \$344,568 be approved.

Upon motion of General Dargusch, seconded by Mr. Black, the above recommendation was unanimously approved.

The Vice President and Business Manager presented the Annual Report of the Auditor of State for the fiscal year 1953-54. He also presented to the Board a letter of transmittal from Mr. James A. Rhodes, Auditor of State, which is reproduced below:

September 19, 1955

My dear Mr. Taylor:

The report of the examination of The Ohio State University by the Bureau of Inspection and Supervision of Public Offices is being released today. I have examined the report and it is, to say the least, quite interesting and quite revealing.

I am afraid that too many of our citizens are inclined to think of the university merely as a collection of building containing classrooms where professors and instructors hold classes for the purpose of giving instruction to the students so that they might follow the professions in which they are interested.

But the operation of a great university such as Ohio State is much more than that. The facilities of a modern university include everything from an airport, vast farms, herds of cattle, a great medical center and a thousand and one other operations. The University with its budget of over forty-one million dollars not only expends these funds, but to a very large degree receives revenue from a variety of enterprises. Fortunately for our State, the administration of these funds is in good and able hands.

Whether it be for the housing of tens of thousands of students, the feeding of these students, whether it be for the implementing of research in the latest fields of medicine and surgery with the specially designed instruments peculiar to that field or to the application of new techniques in the fields of Chemistry and Engineering, it all adds up to the simple fact that operating a big State University is today a business large and diversified and requires administrative leadership of the highest order.

The Ohio State University under your able leadership has provided that type of administration. I know that you would be personally too modest to take this credit for yourself and would say that if any credit is due it belongs to the loyal and capable corps of men and women in the Department of Administration, and certainly I would agree that all of these fine workers are to be commended for their services, but it must be remembered that it is under your splendid leadership that this outstanding record is being made.

I am pleased to report to the people of Ohio that the books and records of The Ohio State University are in excellent condition. Not only do you teach accounting at Ohio State University, but more importantly, you put into actual practice that which you teach. Ohio is indeed fortunate that it has outstanding career men of the character which you so admirably typify administering the affairs of a great institution.

My congratulations for having done such a difficult job so thoroughly and capably.

Sincerely yours,
(Signed) JAMES A. RHODES
Auditor of State

Noting the Auditor's statement that he was pleased to report to the people of Ohio that the books and records of The Ohio State University are in excellent condition, the Board of Trustees ordered the report of the Vice President and Business Manager entered into the records of the meeting.

The Vice President and Business Manager presented the following recommendation of the University Cabinet:

The University Cabinet wishes to recommend that the necessary steps be taken to appoint the firm of Sims, Cornelius & Schooley, registered architects from Columbus, Ohio, to perform the complete archi-

tectural services required in connection with the new project Extension to Arps Hall-Classroom and Administrative Facilities. This service is to be rendered at a fee of 6% of the first \$1,000,000 and 5½% of all over \$1,000,000 of the cost of construction.

Upon motion of Mr. Black, seconded by Senator Bricker, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager presented the following recommendation of the University Cabinet:

The University Cabinet wishes to recommend that the necessary steps be taken to appoint the firm of Garfield, Harris, Robinson & Schafer, registered architects from Cleveland, Ohio, to perform the complete architectural services required in connection with the building of the North Wing of the University Hospital. This service is to be rendered at a fee of 6% of the first \$1,000,000 and 5½% of all over \$1,000,000 of the cost of construction.

Upon motion of Mr. Black, seconded by Senator Bricker, the above recommendation was approved by unanimous vote.

In accordance with recommendations made by the Athletic Board at a meeting held on September 22, 1955, the Vice President and Business Manager presents the following resolution in regard to Athletic Revenue Bonds, for the approval of the Board of Trustees:

1. That the sum of \$220,032.94 be transferred from Athletic Department Funds to the General Funds of the University, for repayment of advances made by the University on the Field House Group to July 1, 1955.
2. That, while only \$135,000 is required by December 31, 1955, the sum of \$275,000 representing the complete required reserve be transferred to the Debt Service Reserve Fund, and that The Ohio National Bank, as trustee, be instructed to invest this amount in long-term bonds.
3. That, out of the balance remaining in the Athletic Funds, \$750,000 be invested in short-term bonds.
4. That \$48,573.95 be transferred from the Athletic Revenue Fund into the Debt Service Fund to cover interest on the Athletic Revenue Bonds for the period March 1, 1955 to December 1, 1955 (the interest for the period is \$51,431.25 less accrued interest of \$2,857.30).

These recommendations are made in accordance with the trust agreement dated March 1, 1955 between The Ohio State University and the Ohio National Bank as trustee.

Upon motion of Senator Bricker, seconded by Mr. Black, the above resolution was unanimously approved.

President Bevis read the following letter from Professor Louis H. Diercks, Director of the Symphonic Choir, in acknowledgment of the cable which the Board, while at its Gibraltar meeting, sent to him at the International Eisteddfod, Llangallen, Wales:

Speaking for myself and for the members of Symphonic Choir Tour Group, will you please convey to the Board of Trus-

tees our thanks for your thoughtful cable to us at Llangallen. It was a pleasant surprise to hear from "home" and especially gratifying to have such official recognition of our efforts.

We believe we represented the university well and that much good was accomplished. The fine support offered us by President Bevis, Vice Presidents Taylor, Stradley, and Heimberger, and by the faculty and students was something we will long cherish. Alumni and friends were also most encouraging by their gifts and efforts in our behalf.

The sound-film made on the trip by our photography department should be ready for viewing by January 1, 1956.

Sincerely,
(Signed) LOUIS H. DIERCKS
Professor of Music
Director of Symphonic Choir

Silver Antelope Award

Upon the recommendation of General Dargusch, the Board of Trustees directed that the following item be included in the Minutes of this meeting:

Vice President Bland L. Stradley, a member of the Central Ohio Boy Scout Executive Board for eighteen years, was presented the Silver Antelope Award at a regional Scout meeting in Louisville, Kentucky on September 29, 1955, in recognition of his long and outstanding service to boyhood.

President Bevis now reported to the Board the death of William W. Brownfield, and, in accordance with the recommendation of the Board of Trustees, a copy of the following resolution, expressing on behalf of the University the sorrow and sympathy of the Board, has been furnished to the family:

The Board of Trustees expresses its sorrow at the death of William W. Brownfield, District Supervisor of Agricultural Extension, on July 13, 1955. Born on a Uniontown, Pennsylvania farm June 11, 1888, he attended Mount Union College at Alliance from 1908-1910. He then transferred to The Ohio State University where he received a B.S. degree in agriculture in 1912. From 1912-1915 he manager a farm at Uniontown, Pennsylvania. Since 1915 he served the rural people of Ohio, first as a County Agricultural Agent in Washington County and, since 1918, as District Supervisor of the Agricultural Extension Service in southeastern Ohio.

Mr. Brownfield was known for his sincerity of purpose, his foresight, his vision and above all for his understanding of and appreciation of people. His friends were his valuable gems. He undoubtedly knew more rural people in Ohio than any other Extension worker.

His service through the Agricultural Extension Service over these many years has had its influence on thousands of rural people. He was a member of the team responsible for the expansion of the Extension program in its service to Ohio people. He was an inspiration to all who knew him. Extension workers especially valued his counsel and his advice on

all matters of importance. He had a philosophical sense of humor and an uncanny knack of drawing on his personal experiences and human interest stories to illustrate each situation.

His influence will always be felt by his many co-workers and friends. His passing on July 13 ended his nearly 40 years of service. He will be greatly missed in Ohio agricultural circles.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the Minutes of the Board of Trustees.

Thereupon the Board adjourned to meet Monday, November 14 at 9:30 a.m. at the University.

Attest:

President Bevis presented the following miscellaneous recommendations:

That the President be authorized to adjust the salaries of those Civil Service employees whose salaries were increased under Amended Substitute House Bill 651 to comply with the provisions of this law.

This will increase the A-1 Budget of the University by \$32,852 per year and of the Hospital \$24,240 per year. It will also increase the Rotary Budget of the University \$35,908 and of the Hospital \$43,656 per year. There will also be an increase of \$324 in the F-9 Budget.

That Robert Bartels, Professor, Department of Business Organization, who has returned from leave of absence, be reinstated for full time duty, beginning October 1, 1955.

That the following leaves of absence, without salary, be granted:

Pauline Gruner, Home Demonstration Agent, Pike County, Agricultural Extension Service, for the period October 1, 1955 through August 31, 1956;

Charles L. Blackman, Professor, Agricultural Extension Service, for the period October 1, 1955 to October 1, 1957, because of assignment to the India program;

J. P. Schmidt, Professor, Agricultural Extension Service, for the period October 1, 1955 to October 1, 1957, because of assignment to the India program;

Warren T. Troutman, Instructor, Department of Economics, for the period October 1, 1955 through September 30, 1956, because of ill health;

Virgil L. Carnes, Assistant Professor part time, Dental Clinic, for military leave for an indefinite period, effective October 1, 1955;

Charles E. Dryden, Associate Professor, Department of Chemical Engineering, for the period October 1, 1955 through January 31, 1956, for the purpose of continuing his work with the Atomic Power Group at General Electric Company, Schenectady, New York;

George E. Mueller, Associate Professor, Department of Electrical Engineering, for the period October 1, 1955 through May 31, 1956, to act as consultant in the field of antennas and microwave systems for the Ramo-Woolridge Corporation of California;

Frieda L. Stewart, Associate Professor and Assistant Director, School of Nursing, for the period October 1, 1955 through September 30, 1956, for advanced study at Teachers College, Columbia University.

Laboratory Deposits

That the payment of Laboratory deposits for Graduate Assistants, Fellows, Assistants, Assistant Instructors and above who are registered in the Graduate School be provided from University funds, except for those cases where Laboratory supplies are provided for by grant or gift. The deposit will be set up on written recommendation of the department chairman and authorization of the President's Office and any unused amount will revert to the University.

That approval be given to the Department of Physical Education—Women's Division—for the establishment of ice skating classes during the Winter Quarter, at a fee of \$8.00 per student;

That J. Osborn Fuller be appointed as Executive Secretary of the Advisory Research Council which was established by this Board last year. Mr. Fuller is now a member of our staff as Professor of Geology and Associate Dean of the College of Arts and Sciences. His services to the Research Council will be only part time and he will retain his post in the College of Arts and Sciences;

That the recommendation of the Athletic Board to purchase the land immediately east of the present Golf Course in order (1) to protect the investment in the present golf course, and (2) to provide space for additional facilities which will be badly needed as the University continues to grow, be approved;

That the recommendation made by the Athletic Board to name the Field House "The Thomas E. French Field House" be approved.

Rules and Regulations of the University Faculty

Rule 165

That Rule No. 165 be changed to read:

Regular fees are in part returnable in case a student withdraws on account of sickness or for other causes beyond his control, if such withdrawal is made within a period of 29 days in which classes are scheduled after the beginning of the Quarter. Students withdrawing at the request of the University are not entitled to any refund of fees. The matriculation fee is not considered a part of the regular fees and, therefore, is not returnable.

Fees will normally be refunded according to the following schedule:

- First 5 days during which classes are scheduled—Full fees less \$10
- Next 12 days during which classes are scheduled—75% of fees paid
- Next 12 days during which classes are scheduled—50% of fees paid
- After 29 days during which classes are scheduled—No refund

Permission to withdraw given in writing by the Dean of the College must be presented to the Bursar within the period listed to be eligible for the listed refund.

If exceptionable conditions prevent presentation of withdrawals at the Bursar's Office at the proper time and the student has not been able to attend classes during this time, the case should be referred to the President for his judgment.

No fees will be returned in case of withdrawal of students until 30 days have elapsed from the date of withdrawal.

If fees are paid under mistake of law or fact, they are returnable in full.

Fees are not returnable except as provided in this rule.

Rule 196

That, upon the recommendation of the Committee on Rules, Paragraph A of Rule 196 be amended to read as follows:

- A. A student shall be eligible for a major activity if, for the Quarter of participation, he
 1. Is carrying a minimum of 15 quarter hours, unless specially permitted by the Dean of Men or Dean of Women to carry fewer hours because of a legitimate reason for a reduced schedule, and
 2. Has a cumulative point-hour ratio of 2.00 or above, and
 3. Is not on warning by the Dean of his College for scholastic deficiencies.

Gifts

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

- \$10,340 from the Rockefeller Foundation for research in Biochemistry—Rotary 11682
- \$8,000 from the Smith, Kline and French Foundation for research in Science and Medicine—Rotary 11715

Sisson Hall

President Bevis recommended that the new basic science building, now under construction for the College of Veterinary Medicine, be named Sisson Hall, in accordance with the recommendation of the Executive Committee of the College of Veterinary Medicine, as contained in the following letter:

September 12, 1955

Board of Trustees
The Ohio State University
Campus
Gentlemen:

The Executive Committee of the College of Veterinary Medicine voted to recommend for your consideration the name of Sisson Hall for the new basic science building now being constructed.

Dr. Septimus Sisson was Professor of Veterinary Anatomy at Ohio State University from 1901 to 1924. He was recognized as the most outstanding veterinary anatomist in the world and was a great scientist and a real credit to the College of Veterinary Medicine and the University. The text "The Anatomy of Domestic Animals" by Sisson and Grossman is recognized as the most outstanding of any similar text and is being used in practically all veterinary medical colleges in the United States and Canada.

We believe the name would give prestige to the College and serve as a memorial to one who contributed so much to veterinary medicine in its efforts to be recognized as a skilled profession. We are attaching complete data of his activities and accomplishments.

Very truly yours,
(Signed) R. E. REBRASSIER
Secretary, Executive Committee
College of Veterinary Medicine

Upon motion of Mr. Black, seconded by General Dargusch, the above recommendation was approved by unanimous vote.

Midwestern Universities Research Association

President Bevis announced that, in accordance with the informal expression of approval by the Board of Trustees, the University has accepted the invitation to join in the corporation not for profit known as the Midwestern Universities Research Association. This Association represents a cooperative venture undertaken by the principal universities of the midwest for the purpose of establishing, maintaining, and operating laboratories and other facilities for research and education in the broad field of nuclear physics.

Vice President and Business Manager Jacob B. Taylor and Professor Harald Nielsen have been appointed as Directors representing The Ohio State University.

Report: Cultural Opportunities—Physically Handicapped Students— Good Citizenship

Vice President Stradley presented the following report:

The primary objective of the University is to assist students in the development of their minds. The majority of our students are busy in attempting to meet this objective, at least insofar as classroom studies are involved. However, they are being encouraged to take full advantage of other opportunities available here for cultural and intellectual development. It is interesting to note the efforts of the faculty, students, and the administration designed to raise the cultural level on the campus, as is evidenced by the Lecture and Concert series, dramatic productions, Fine Arts exhibitions, faculty and student concerts and recitals. Our new Ohio Union has taken its place as an educational institution on the campus. The Mershon Auditorium is taking form, and already plans are under way for the use of the fine facilities it will make available for a comprehensive, expanded series of concerts, lectures, plays, etc. We believe that the strategic time to make a concerted effort to bring these enriching

experiences to larger numbers of our students is when they are presented first in the attractive, modern surroundings which the Mershon Auditorium will make available.

Attention is called to the fact that the University has a number of students who are handicapped physically. Special interest has been manifested and special attention has been given to these students in the past, but now we should approach the problem from a University-wide point of view, as well as on an individual basis. These fine young people who are struggling to overcome serious handicaps should be given not only encouragement, but all assistance possible. It is fortunate that there are on this campus several staff members well qualified to provide the leadership for a program of this type.

Our colleges and universities are a training ground for good citizenship. Many of the experiences of students on this campus will be meaningful to them later when they establish their homes and participate in community life. In this connection, I want to commend the Ohio State University students for their active support of the \$150,000,000 Bond Issue, United Appeals, and the World University Service Fund.

President Bevis now reported to the Board the death of Hermann C. Miller, and in accordance with the recommendation of the Board of Trustees, a copy of the following resolution, expressing on behalf of the University the sorrow and sympathy of the Board, has been furnished to the family:

The Board of Trustees expresses its sorrow at the death of Hermann C. Miller, Chairman of the Department of Accounting, who died October 4, 1955.

He was a native of Columbus and a graduate of North High School. At the Ohio State University he received the B.A. degree in 1916 and the M.A. degree in 1917. He was a staff accountant with Scovell, Wellington and Company, CPA, New York, 1920-1921 and Secretary of the American Motor Car Company in 1922.

He was a Certified Public Accountant in Ohio (1923) and Wisconsin (1926). He was a member of Beta Gamma Sigma, Beta Alpha Psi, Alpha Kappa Psi, and Pi Kappa Alpha. He was a member of the teaching staff at Ohio State University from 1923 to 1925, Instructor at the University of Wisconsin in 1925-26, and returned to Ohio State in 1926. He was named Professor of Accounting in 1934, and served as Chairman of the Department of Accounting from 1946 until his death.

Professor Miller was a nationally recognized authority in the field of accounting. With Jacob B. Taylor he wrote *Intermedite Accounting, C.P.A. Problems, and Solutions to C.P.A. Problems*, all of which have been recognized as standard texts in the field of accounting. He contributed many articles to technical and professional journals.

He was president of the Ohio Society of Certified Public Accountants from 1934 to 1936, president of the American Accounting Association in 1947, and president of the Grand Council of Beta Alpha Psi, national accounting fraternity, in 1941. He was a member of the American Institute of Accountants, National Association of Cost Accountants, and an associate member of the Controllers Institute of America. At the time of his death, Professor Miller was serving as president of the Council on Professional Education for Business. He was also a member of the Executive Committee of the Commission on Standards of Education and Experience for CPAs.

Professor Miller was active in campus affairs, and served on many committees including the Rules Committee, Committee on Conduct in Examinations, Athletic Board, Faculty Council, and Graduate Council. He served a term as president of the University Faculty Club and was a past-commander of the University Post of the American Legion. He directed the Ohio State University Annual Institute on Accounting.

He was an active naval officer, serving in the Regular Navy during World War I, and in the Naval Reserve from 1925 until 1954 when he retired with the rank of Captain. During World War II he was supervisor of cost inspection for the Fourth Naval District.

A man of vigorous personality and strong convictions, Hermann Miller was devoted to his profession, his students, the Department of Accounting, and his University. Hundreds of students owe their professional success directly to the inspiration of his teaching. His devotion to the highest standards of scholarship, his outstanding administrative ability, and his unflagging energy and enthusiasm for his work made him an ideal leader in his department and his profession.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

11-14-'55

Thereupon the Board adjourned to meet Monday, December 12, 1955 at 9:30 a.m. at the University

Attest:

Secretary

(Signed) FORREST G. KETNER,
Chairman

THE OHIO STATE UNIVERSITY
OFFICIAL PROCEEDINGS OF THE
EIGHT HUNDRED AND NINETY-NINTH MEETING
OF THE BOARD OF TRUSTEES

Columbus, Ohio, December 12, 1955

The Board of Trustees met at the University pursuant to adjournment.

Present: Forrest G. Ketner, Chairman; Senator John W. Bricker, General Carlton S. Dargusch and Judge Robert N. Gorman.

* * * * *

The minutes of the last meeting were approved.

* * * * *

President Bevis recommended the appointment of William E. Linch to the position of University Architect, effective February 1, 1956, at the annual salary of \$15,096.00. Mr. Linch will succeed Howard Dwight Smith, now on leave until the date of his retirement for age in June of 1956.

Mr. Linch graduated in Architectural Engineering from the Ohio State University in 1921. He served for 17 years in the State Architect's Office, two years with an architectural firm in New York, and three years as Chief Draftsman for Robert S. Harsh and Associates of Columbus, Ohio, before becoming a member of the firm of Sims, Cornelius and Schooley. He has worked a great deal with Howard Dwight Smith and has had large experience with university-type buildings.

On motion of Senator Bricker, seconded by General Dargusch, the above recommendation was approved by unanimous vote.

President Bevis recommended that, in accordance with the recommendation of the Executive Director of the Ohio State University Research Foundation, Rules 3, 4 and 12 of the Rules and Regulations for the Research Foundation be amended as follows:

Rule 3. Delete words "engage in consulting work or other technical employment without the approval of the President of the University and of the Executive Director of the Ohio State University Research Foundation herein called the 'Foundation' provided that I may not in any event," so that the Rule will read as follows:

"Not to engage in consulting work or other employment which would involve a violation of trust with respect to the project."

Rule 4. Delete words "the Foundation" and add, so that the Rule will read as follows:

"To give advance written notice of not less than 30 days of my intention to quit the project to my supervisor or department chairman with a copy to be forwarded to the Executive Director of the Ohio State University Research Foundation, herein called the 'Foundation'."

Rule 12. Delete entire rule: "In recognition of the fact that work on the project may involve the inclusion of my name, picture, portrait, likeness or voice in the data, reports or other materials prepared or produced on the project, I agree to permit the University, the Foundation and any persons, firms, corporations, government departments or agencies related as sponsors to the project to use, reproduce, publish and distribute my name, picture, portrait, likeness or voice or any of them, in any manner and for any purpose other than for public advertising waiving all right of privacy I may have in connection therewith and agreeing that such use, reproduction, publication or distribution will not be made the basis of any future claim against the University, the Foundation or any person, firm, corporation or government department or agency related as a sponsor to the project."

Upon motion of General Dargusch, seconded by Judge Gorman, the above recommendation of the President was approved by unanimous vote.

That the sum of \$20,000 be transferred from Pomerene Refectory Rotary 16228 to Home Economics General Rotary 16211;

That the agreement between the Ohio State University Libraries and the Ohio Historical Society Library, respecting the acquisition, ownership, preservation and servicing of manuscript and other library materials be approved:

Points of Agreement

1. This agreement relates primarily, though not exclusively, to manuscript materials.
2. Upon ratification of the Boards of Trustees of each institution, the agreement will be in effect, but it is not to be considered retroactive.
3. Material acquired by gift, purchase, exchange or otherwise, will be disposed of according to the terms of this agreement, regardless of which library acquires it initially.
4. Material relating primarily to Ohio, the old Northwest Territory and pertinent thereto becomes the property of the Ohio Historical Society Library.
5. Material relating primarily to the University becomes the property of the University Libraries.
6. In general a given collection will be kept together as a unit, rather than divided and deposited in both libraries.
7. The disposition of marginal materials not easily determined by the terms of agreement will be decided upon by representatives of both libraries in consultation.
8. It is anticipated that justifiable exceptions to the above points will occasionally arise, but that they will be agreed upon by both parties cooperating in a spirit of mutual respect and common interests.

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

\$900 from the Family and Children's Bureau, Columbus, Ohio, to be used by the Family and Children's Bureau-Social Administration—Rotary 11251

\$25 from the Ohio Society of Certified Public Accountants for the establishment of the Hermann C. Miller Memorial Fund:

Hermann C. Miller Memorial Fund

Established December 12, 1955 by gifts from members of the Ohio Society of Certified Public Accountants and from friends of the late Hermann C. Miller in his memory and in recognition of his outstanding contribution to the accounting profession. The principal and additions thereto shall be invested in accordance with Section 3335.12 of the General Code. Contributions for the use and purposes of said fund may be made by any individual or organization.

The income, not to exceed \$600 annually, shall be used for scholarships for graduate students in the Department of Accounting who are preparing for careers in college teaching in accounting. The recipients shall be selected by the faculty of the Department of Accounting.

Any excess of income not needed for said scholarships may be used by the Department of Accounting for purposes as may not be provided in the collegiate budget.

From the Development Fund

\$860.66 for the William A. Dougherty Music Scholarship Fund—Project 5393

\$500 for the Alva W. Smith Memorial Fund—Project 5171

Mershon Fund—Air Force ROTC Courses

President Bevis recalled to the Board's attention the fact that several months ago Board approval had been given to a recommendation that \$12,000 be made available from the income from the Mershon Fund for the purpose of conducting an experimental program in the teaching of Air Force R.O.T.C. courses. The program has attracted wide attention, both in civilian and military circles. To give the program full effect, it is desirable to call into consultation certain persons and to send some representatives to other colleges.

President Bevis accordingly recommended the appropriation of an additional \$4,000 from the same source, thus raising the appropriation from \$12,000 to \$16,000.

On motion of General Dargusch, seconded by Senator Bricker, the President's recommendation was approved by unanimous vote.

Elementary Education Scholarships

For the academic year 1955-56, 156 entering freshmen were awarded elementary education scholarships. Of this number 109 accepted and are enrolled. In addition, there are 163 upper-class men who were awarded elementary education scholarships in previous years and are receiving this quarter the financial aid provided by the scholarships.

Because of the continued need for teachers in the elementary grades, I recommend that 150 elementary education scholarships be authorized for freshmen entering the University Autumn Quarter 1956, at least one available to a qualified high school graduate from each county in the State, and that each scholarship amount to \$45 a quarter, \$135 for the academic year, or \$540 for the regular four-year curriculum.

Upon motion of Senator Bricker, seconded by General Dargusch, the above recommendation was approved by unanimous vote.

Judge Gorman stated that copies of the following Progress Report of the Faculty Committee on evaluation of nominations for the Presidency have been presented to each member of this Board. Upon Judge Gorman's suggestion this report was ordered made a part of the record of this meeting.

*Progress Report of The Faculty Committee on Evaluation
of Nominations for the Presidency*

Through December 9, ninety different names had been placed in nomination for the presidency of The Ohio State University. Total nominations, including duplications, now well exceed 100.

The Faculty Committee is reporting to the Board of Trustees on the 90 different nominations. Eleven names remain unclassified pending receipt of further information on these nominees. The remaining seventy-nine names have been classified by the Committee insofar as qualifications for the position can be judged on the basis of various sources of information available to the Committee. These include biographical data, consultations on and off the Campus, extensive correspondence with persons in position to give evaluations, and personal acquaintance on the part of Committee members with many nominees.

Evaluation by the Faculty Committee has now proceeded to the point where the Board of Trustees is in position to give preliminary consideration to the judgments presented to it. The Faculty Committee will continue to evaluate nominations, and, as concerns names under most serious consideration by the Board, will pursue further inquiry through appropriate means.

President Bevis presented the following miscellaneous recommendations:

That C. Wells Reeder be retired, effective December 31, 1955, with the title Junior Dean Emeritus in the Department of Administration, College of Commerce and Administration, and the title Professor Emeritus in the Department of Business Organization;

That Ward G. Reeder be retired, effective December 31, 1955, with the title Professor Emeritus in the Department of Education, and that he be paid his regular salary through January 31, 1956, to comply with the rules of the Four-Quarter Plan;

That the following leaves of absence, without salary, be granted:

George W. Hothem, Associate County Extension Agent, effective December 1, 1955 for an indefinite period, for military service;

S. C. Cashman, Agricultural Extension Service, for the period January 1, 1956 to December 31, 1956. (Extension of leave).

State Teachers Retirement System

That a change in the policy of placing academic employees in the State Teachers Retirement System to correspond with the 1955 legislation, which states that all regularly employed teachers shall be made members of the State Teachers Retirement System and which defines "regularly employed teachers" as those who teach full time for twelve or more weeks during any one school year, be approved.

To comply with this law, all full-time teachers with the rank of Assistant Instructor and above shall be made members of the State Teachers Retirement System provided they are employed for more than one quarter. Regular Assistants and Graduate Assistants will not be made members of the system unless they are already members from some previous position, in which case the payments will be continued and, therefore, their membership continued in the system.

In the case of part-time teaching employees in any other rank, the decision as to whether or not they will be made members of the system will be based upon a statement of the department chairmen as to the percentage of full time which their appointments represent, again provided that they are to be on duty for more than one quarter. In general, if employment is to be for more than one-third time and for more than two quarters, they will be made members of the system.

It should be noted that academic employees who are in the Public Employees Retirement System will be continued in this system, even though they would normally be in the Teachers Retirement System.

Vertebrate Collection

That the following proposal concerning the need for and proposed working arrangements for integrating the vertebrate collections of the Ohio Historical Society and the Ohio State University be approved:

That the vertebrate collection now housed at the Franz Theodore Stone Laboratory of The Ohio State University be transferred to and made an integral part of the vertebrate collection of the Ohio State Museum and become the property of the Ohio State Museum. It is further proposed that Dr. Milton B. Trautman, now on the staff of the Natural Resources Institute, College of Agriculture of the Ohio State University, be made curator of this collection, under the technical direction of Dr. Edward S. Thomas, curator of Natural History of the Ohio Historical Society. Administrative supervision of Dr. Trautman would rest with the Natural Resources Institute.

It is understood that, if this arrangement is consummated, the collection will be available for study by students and staff of the interested colleges of The Ohio State University and that Mr. Trautman's services will be available to students and staff for consultation concerning material in the collection and related ecological and taxonomic information.

It is anticipated that up to fifty per cent of Mr. Trautman's time would be devoted to research and service related to student and faculty use of the collection. The remaining time would be devoted to maintenance and improvement of the collection. Working space and usual office services of light, heat and telephone would be provided by the Museum. The Natural Resources Institute would make available such equipment and supplies needed by Mr. Trautman as desks, letter files, microscopes, book cases for references and preserving materials. This equipment was assigned to Mr. Trautman at the Franz Theodore Stone Laboratory and could be made available from that source. Material for shelving to house the collection is to be provided by the Natural Resources Institute.

Ernie Pyle Memorial Grant

This grant is to be used to remodel and re-equip the Journalism Library. This might cover any physical remodeling that may be necessary, possibly built-in book shelves and magazine and newspaper racks, new furniture, new light fixtures, venetian blinds and additional reference works not ordinarily available from University Funds. The library, when refurbished, is to be designated as the Ernie Pyle Memorial Reference Library and Seminar Room. An appropriate tablet, with suitable inscription, will be placed in the room to denote this fact. The use of the room thereafter will be limited to journalism students and advanced or graduate students in allied areas. The details of making over the room will be worked out by a committee representing the School of Journalism, the University Cabinet (including especially someone from the University Architect's office), the College of Arts and Sciences office, and the University Library.

Research Foundation Projects

That the research agreements heretofore entered into between the Ohio State University and the Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

Cancer Research Project

President Bevis reported to the Board the recommendation by Dean Doan of the College of Medicine that the University participate in a Cancer Research Project sponsored and financially underwritten by the National Institute of Health. This project envisages the examination of 1,000 women per week over a period of three years. Participating will be the Columbus Academy of Medicine, and the Columbus Cancer Clinic, the Franklin County Chapter of the American Cancer Society, and the Departments of the College of Medicine, particularly Obstetrics and Gynecology.

Preliminary negotiations have been conducted with Dr. Emmerich von Haam, who will absorb in his department in the Starling-Loving Building certain phases of the program which are under his direction and supervision. Dr. John C. Ullery has likewise offered the complete cooperation of the facilities in the Out-Patient Department. Other clinics and laboratories will be arranged for, if necessary, off the campus. It is estimated that the entire project, which is being financially underwritten by the National Institute of Health, will involve the expenditure of some \$80,000 per year, or a total of approximately \$250,000.

It is the earnest recommendation of Dean Doan that we participate in this program and I concur in his recommendation.

Upon motion of Judge Gorman, seconded by Senator Bricker, the above recommendation was approved by unanimous vote.

University Counseling and Testing Center

Vice President Stradley presented the following statement:

For several years many persons have raised the question as to whether the title, Occupational Opportunities Service, adequately described the functions of the office. This title has certain advantages, but it is does tend to be misleading. Many students and the general public think that Occupational Opportunities Service is a placement agency. Therefore, I recommend that the title of this department be changed from Occupational Opportunities Service to University Counseling and Testing Center.

Upon motion of Mr. Black, seconded by Senator Huffman, the above recommendation was approved by unanimous vote.

International Cooperation Administration—India

President Bevis requested Dean Rummell to report on amendments submitted by International Cooperation Administration/Washington for the contract in India. He discussed the more important amendments, as follows:

1. Reimbursements to The Ohio State University from International Cooperation Administration/Washington under the contract from \$499, 110 to \$845,650.

2. "For localities where quarters and temporary lodging allowances have not already been established, Technical Cooperation Mission (which is International Cooperation Administration in India) shall be responsible for establishing equitable rates."

3. Reimbursement is to be made to the University for "Retirement, Social Security, Workmen's Compensation, and Group Insurance ***** if such premiums for retirement or insurance are paid by contractor under its normal practice."

4. Reimbursement for travel in India, "including drivers of ICA vehicles," is included.

Upon motion of Judge Gorman, seconded by General Dargusch, the recommendation of the President to accept the above proposed amendments to the Contract was unanimously approved.

Correction of Leave of Absence

That the record of Herbert Baumer, Professor in the School of Architecture and Landscape Architecture, be corrected to show leave of absence without salary July 1, 1942 through June 30, 1944. Professor Baumer, who was a reserve officer, was called to active duty in July of 1942; but because of a mix-up in the records, the leave of absence does not appear on the records until July 1, 1944 and there is nothing to show of his connection with the University between July 1, 1942 and June 30, 1944, even though he had gone on active duty while a member of the Department of Architecture.

Mr. Fanning's Gift

That, upon the recommendation of the Dean of the College of Medicine, the gift of Professor Ralph Fanning of some two hundred water color paintings to the University Hospital and Health Center be accepted and that an appropriate expression of appreciation of the University be transmitted by the President to Professor Fanning.

The Samuel Smith Statue

That approval be given to the recommendation of the Dean of the College of Medicine that the statue of Dr. Samuel Smith, distinguished professor in the Starling Medical College from 1847 to 1874 and dean of the Medical Faculty from 1849 to 1858 and again from 1860 to 1863, be moved from its present location at St. Francis Hospital to an appropriate specific location within the Health Center on the Ohio State University campus.

1956 Price Schedule for Athletics

That approval be given to the following price schedule for the 1956 athletic season, as approved by the Athletic Board at its meeting held on January 18, 1956:

Student Activity Cards	\$12.00
Faculty Activity Cards	14.00
<i>Football</i>	
All bleacher seats	3.00
All Stadium Reserved Seats	4.00
All Box Seats	5.00

Season Tickets to be multiples of the single game price.

Annual Recognition Dinner

That the annual Recognition Dinner, given by the Board of Trustees, be held on May 14, 1956 at 6:30 p.m. in the Ohio Union, and that \$2,588.25 be appropriated to cover expenses.

Fees

The President reported that the Inter-University Council has agreed to recommend to the various boards of trustees that the fees be raised for all students, effective for the year 1956-57. In accordance with this action of the Inter-University Council, he recommended that the Incidental Fee be increased by \$12.00 per quarter and that the consolidated fees per quarter tabulated below be assessed for the year 1956-57, effective with the Summer Quarter 1956:

<i>College or School</i>	<i>Total Fee</i>
Agriculture	\$ 75.00
Arts and Sciences	75.00
Arts-Education	75.00
Commerce and Administration	75.00
Education	75.00
Engineering	75.00
Graduate School	75.00
Home Economics	75.00
Nursing	75.00
Dentistry	177.00
Dental Laboratory Technology	177.00
Dental Hygiene	122.00
Law	87.00
Medicine	187.00
Optometry	112.00
Pharmacy	80.00
University School	70.00
Veterinary Medicine	107.00
Twilight School—One Course	32.00
Two Courses	37.00

The fee for one term of the Summer Quarter in the Colleges of Agriculture, Arts and Sciences, Arts-Education, Commerce and Administration, Education, Engineering, in the Graduate School, and the Schools of Home Economics and Nursing shall be \$38.00.

The total fee for each college or school will be allocated by action of the Board of Trustees. This allocation will be made for the following categories: Incidental Fee, Ohio Union Building Fee, Student Services and Laboratory Deposits.

In addition to the above total, the following will be assessed: Non-Resident Fee of \$125 per quarter or \$63.00 for one term of the Summer Quarter, Matriculation Fee of \$15 payable once, deposits to cover individual services and materials used in accordance with schedule approved by the President.

Amendments to Article II of Constitution of Development Fund

That, upon the recommendation of the Board of Directors of the Ohio State University Association, the following amendments to Article II of the Constitution of the Development Fund be changed to read as follows:

Section 1. Number: The officers of the Development Fund shall be a Chairman; a Vice Chairman; a Treasurer; and a Secretary. Their duties shall be those which devolve upon such officers together with such other duties as are prescribed below.

Section 3. The Vice Chairman: The Vice Chairman of the Fund shall be elected by the Board of Directors from its own membership.

Section 4. The Executive Director: The Secretary of the Ohio State University Association shall be the Executive Director of the Development Fund and shall be the chief executive officer of the Development Fund.

Section 5. Duties of the Executive Director: The Executive Director of the Development Fund shall be generally responsible for the carrying out of the plans and purposes of the Board of Directors as determined from time to time. He shall receive such compensation

as the Board of Directors of the Development Fund shall decide after consultation with the Board of Directors of the Ohio State University Association. He shall be provided with such assistance in the carrying out of his duties as may be required by the volume of the work, and all appointments shall be subject to the approval of the Board of Directors of the Development Fund.

Section 6. The Treasurer: The chief financial officer of the Ohio State University shall be the Treasurer of the Development Fund.

Section 7. The Secretary: The Executive Director of the Development Fund shall also be the Secretary of the Development Fund.

Section 8. Compensation: All officers of the Development Fund shall serve without compensation, except the Executive Director, but shall be entitled to be reimbursed for traveling expenses incurred in connection with their official duties.

That, upon further recommendation of the Board of Directors of the Ohio State University Association, the By-Laws of the Development Fund be amended to correspond to the above changes in the Constitution, as follows:

Article I. Section 4. Substitute the word Secretary for Executive Secretary.

Article I. Section 6. Substitute the word Secretary for Executive Secretary in the first line of said Article, the word Director for the word Secretary in the third line of said Article, the words Associate Executive for the word Field in the last line of said Article and the word Director for the word Secretary also in the last line of said Article so that Section 6 of Article I of By-Laws will read as follows:

The Secretary is authorized to make commitments for budgeting operating expenses; the checks or vouchers in payment of approved expenditures shall be signed by the Executive Director and countersigned by the Treasurer or their duly designated alternates; the University comptroller for the treasurer and the Associate Executive Director of the Fund for the Executive Director.

Research Foundation Projects

That the research agreements heretofore entered into between the Ohio State University and the Ohio State University Research Foundation setting up the following projects be reported to the Board of Trustees for information and record:

Great Lakes Foundry Sand Company, Detroit, Michigan.—For an investigation of Syenite in Ceramic Products (To be known as Great Lakes Foundry Sand Company Research Project No. 28 (17th Ext.) Engineering Experiment Station) Gross value—\$19,912.00.

Olin Mathieson Chemical Corporation, Baltimore, Maryland.—For an investigation of Synthetic Organic Chemicals and Fibers (To be known as Olin Mathieson Chemical Corporation Research Project No. 116-B (Sub. No. 4) Chemical Engineering Department) Gross value—\$185,000.00.

The Procter and Gamble Company, Ivorydale, Cincinnati, Ohio. For an investigation of Pathogenesis of Dental Caries (To be known as the Procter and Gamble Company Research Project No. 323 (Ext. No. 10) College of Dentistry) Gross value—\$7,226.00.

Charles F. Kettering Foundation, Yellow Springs, Ohio—For an investigation of Radiation Factor in Photosynthesis (To be known as the Charles F. Kettering Foundation Research Project No. 373 (Ext. No. 8) Department of Physics) Gross value—\$8,125.00.

Davison Chemical Company, Division of W. R. Grace & Company, Baltimore, Maryland—For an investigation of Hydrazine (To be known as Davison Chemical Company Research Project No. 442 (Sup. No. 6) Chemistry) Gross value—\$16,440.00.

Headquarters, Wright Air Development Center, Wright Air Force Base, Ohio—For an investigation of Heat Transfer Within Rotating Electrical Equipment (To be known as Wright Air Development Center Research Project No. 445 (C.O. No. 10) Mechanical Engineering) Gross value—\$3,600.00.

Headquarters, Wright Air Development Center, Wright Air Force Base, Ohio—For Research on Oxide-Base Cermets (To be

known as Wright Air Development Center Research Project No. 557 (Sup. No. 5) Engineering Experiment Station) Gross value—\$16,241.00.

Headquarters, Wright Air Development Center, Wright Patterson Air Force Base, Ohio—For geodetic, Cartographic and Photogrammetric Research (To be known as Wright Air Development Center Research Project No. 595 (C.O. No. 6) Department of Mathematics) Gross value—\$5,000.00.

Department of Health, Education & Welfare, Public Health Service, National Institutes of Health, Bethesda, Maryland—For Cytospectrophotometric Studies of Cytochemical Changes in Carcinogenesis (To be known as National Institutes of Health Research Project No. 586 (Ext. No. 2) Department of Physiology) Gross value—\$3,195.00.

Commander, Air Force Cambridge Research Center, Air Research and Development Command, Procurement Office, Cambridge, Massachusetts—For an investigation of Thermal Radiation Methods of Atmospheric Probing (To be known as the Air Force Cambridge Research Center Research Project No. 587 (Sup. No. 3) Physics Department) Gross value—\$40,090.00.

Commander Air Force Cambridge Research Center, Procurement Office, Cambridge, Massachusetts—For an investigation of Electromagnetic Waveguiding on Corrugated and Periodic Surfaces (To be known as Air Force Cambridge Research Center Research Project No. 678 (New) Electrical Engineering) Gross value—\$19,998.00.

Laboratory Procurement Office, Signal Corps Supply Agency, Fort Monmouth, N.J.—For an investigation of Improved Primary Batteries (To be known as Signal Corps Supply Agency Research Project No. 614 (Mod. No. 4) Chemistry Department) Gross value—\$23,750.00.

Headquarters, Wright Air Development Center, Wright-Patterson Air Force Base, Ohio—For Research on Accumulation of Fatigue Damage in Propeller Materials (To be known as Wright Air Development Center Research Project No. 616 (Sup. 1) Mechanical Engineering) Gross value—\$15,400.00.

Headquarters, Wright Air Development Center, Wright-Patterson Air Force Base, Ohio—For an investigation of Mechanism of Fretting Corrosion-Fatigue Phenomenon (To be known as Wright Air Development Center Research Project No. 674 (New) Mechanical Engineering) Gross value—\$26,300.00.

Barium Reduction Corporation, South Charleston, West Virginia—For an investigation of Inorganic Sulfur Compounds Produced by the Oxidation of Sulfidic Solutions (To be known as Barium Reduction Corporation Research Project No. 676 (New) Chemistry) Gross value—\$11,400.00.

Cleveland Ordnance District, Cleveland, Ohio—For Decomposition and Mechanistic Studies of Propellants and Propellant Additives (To be known as Cleveland Ordnance District Project No. 679 (New) Chemistry) Gross value—\$12,684.00.

General Electric Company, Research Laboratory, Schenectady, N. Y.—For an investigation of the Thermodynamic Properties of Fluorocarbons and Fluorocarbon Mixtures (To be known as General Electric Company Research Project No. 670 (New) Chemistry) Gross value—\$16,080.00.

The above seventeen contracts for research in cooperation with Government and Industry represent a gross income of \$430,441.00.

Government—\$166,258.00

Industry—\$264,183.00

Upon motion of Senator Huffman, seconded by Judge Gorman, the above recommendations of the President were approved by unanimous vote.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contract to the low bidder for the Site Improvement for Antenna Laboratory, Chemical Abstracts Building and WOSU-TV Station and now recommends that the actions of Cabinet be approved by the Board of Trustees:

The report of the University Architect is as follows:

"Transmitted herewith is a tabulation of the bids received prior to 2:00 p.m., January 26, 1956 for Site Improvement for Antenna Laboratory, Chemical Abstracts Building and WOSU-TV Station in the office of the Vice President and Business Manager and opened immediately thereafter by Mr. M. J. Moon, representing the Director of Public Works.

"The low bid of Triangle Gardens in the sum of \$4,370.00 for the entire contract is regular in every respect and below the estimate of cost filed with the Auditor of the State of Ohio.

"It is, therefore, recommended that the contract be awarded to Triangle Gardens by the Board of Trustees and that the Director of Public Works be requested to execute the contract documents.

"In tabular form, the bids received and the estimated cost are as follows:

"Triangle Gardens	\$4,370.00
Hollandia Gardens	4,515.00
Oakland Nursery	5,310.50
Schmidt Nursery	7,419.00
George T. Browning Co.	7,593.00
Slemmons Gardens	8,071.50
Estimated Cost	\$8,600.00"

Funds for the execution of this contract, which is recommended for award, will be provided from H.B. 929 as follows: \$1,019.00 from G-2-I Housing for Chemical Abstracts; \$1,127.00 from G-2-K Antenna Laboratory and Equipment; and \$2,224.00 from G-2-D Television Station, Tower and Equipment.

Upon motion of Judge Gorman, seconded by Senator Huffman, the above actions of the University Cabinet were approved by unanimous vote.

The Vice President and Business Manager presented the following recommendation of the University Cabinet:

The University Cabinet wishes to recommend that the proper steps be taken to appoint the following engineering firms to do the necessary work on three new projects:

1. Ralph J. Kramer and Associates
Installation of air conditioning in Hughes Hall, Hagerty Hall and Campbell Hall auditorium at a fee of six per cent. The estimated cost of the project is \$70,000 and funds will be provided from Capital Equipment and Other Capital Outlay, H.B. 942.
2. Fosdick and Hilmer
Installation of 80,000 lb./hr. steam generator and appurtenances in the power plant at a fee of six per cent. The estimated cost of the project is \$680,000 and funds will be provided from Capital Equipment and Other Capital Outlay, H.B. 942.

3. Drake and Ford

Preparation of drawings, specifications and estimate of cost for the mechanical branches of work for the three new residence halls for men including the kitchen expansion of Baker Hall at a fee of 2 1/4 % of the estimated cost of \$1,141,000 or approximately \$25,300 and funds will be provided from G-2-L Residence Halls for Men, H.B. 929.

Upon motion of Senator Huffman, seconded by General Dargusch, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager presented the following recommendation:

On the sites of the proposed Mershon Parking Facilities and the Addition to Arps Hall, it is necessary that test borings and soil samples be taken before the development of plans and specifications can proceed. The H. C. Nutting Company has submitted a bid of \$858.00 for 220 ft. at Arps Hall and \$702.00 for 180 ft. at Mershon Parking Facilities. This being the low bid for the work, it is recommended that a contract be entered into with the H. C. Nutting Co. in the amount of \$1,560.00 for this purpose.

Upon motion of General Dargusch, seconded by Judge Gorman, the Board approved the above recommendation by unanimous vote.

The Vice President and Business Manager reported to the Board of Trustees that the final accounting of the estate of Mary Weaver, deceased, was received from the attorney Houston, Houston & Holding of Urbana, Ohio.

With the final accounting, was a check for \$26,394.82 representing the amount due The Ohio State University as a bequest from this testator. The provision of the bequest is found in Item 21st of the Last Will and Testament and read as follows:

"I give, devise and bequeath the residue of my estate of all natures, kinds and descriptions to the Trustees of Ohio State University, Columbus, Ohio, in trust, with power to invest and reinvest the same from time to time in such income producing investments and in such manner as said Trustees may deem advisable, said fund to be known as the O'Brine and Weaver Fund. I further direct that the income from said fund be paid over semiannually by said Trustees to a committee of three composed of the Dean of the College of Medicine of Ohio State University, the Dean of the Graduate School of said college and the Chairman of the Department of Medicine of said College. Said committee shall accept said income as trustee and as such shall use and administer the same for the purpose of Research Fellowship for the Advancement of Internal Medicine. In the administration of said income for said purpose the said Trustee committee shall have full discretion. If for any reason the membership of said committee of three cannot be constituted as above designated, or cannot continue to act, then I authorize the Trustees of said Ohio State University to fill any vacancy or vacancies caused thereby."

Upon motion of General Dargusch, seconded by Judge Gorman, the Board of Trustees unanimously agreed to accept the bequest under the terms of the Will and directed the Vice President and Business Manager to so notify the executor; to sign all receipts and necessary

papers of acceptance for and on behalf of the Board of Trustees; and to invest the funds, representing this bequest, in common stocks, following the procedure adopted in the Mershon, Smith, Mabley and other funds in accordance with the stipulations of the testators.

Food Processing Reactor

The President and Dean Rummell presented a proposition transmitted by Senator Bricker to Secretary of Defense Charles E. Wilson relative to establishment at the University of a food processing reactor by the Atomic Energy Commission. The Joint Committee on Atomic Energy has studied problems and potentials in sterilization and processing of foods by gamma radiation.

Motion was made by General Dargusch, seconded by Senator Huffman, and unanimously passed, that the President be authorized to proceed with Atomic Energy Commission in offering a site at the Ohio State University for research and development, and otherwise cooperating in such program of food sterilization.

The following resolution was offered and adopted as the unanimous act of the Board;

WHEREAS The Ohio State University and the members of the Inter-University Council are confronted by building needs and other requirements unprecedented in the history of this University and the Inter-University Council, and

WHEREAS the General Assembly and the voters of this state have now made it possible to plan and construct buildings to meet the needs of this University and the Inter-University Council on a systematic basis through the enactment of Article VIII, Section 2e, of the Constitution of the State of Ohio and other enabling legislation, and

WHEREAS the requirements of this University and the Inter-University Council had been carefully set down and were brilliantly presented by the Vice President and Business Manager, Jacob B. Taylor, to the Governor and to the General Assembly in 1955 and to the Special Session, January 16-18, 1956, thus securing the fullest cooperation from the Governor and the General Assembly in meeting many of the urgent requirements of this University and the Inter-University Council.

NOW, THEREFORE, BE IT RESOLVED that the heartfelt thanks of the Board of Trustees of The Ohio State University be extended to the Vice President and Business Manager, Jacob B. Taylor, for his untiring and brilliant efforts, which led finally to the approval of Article VIII, Section 2e, of the Constitution of the State of Ohio and the enactment of the necessary legislation implementing that admendment.

Retirement and Insurance

General Dargusch presented the following report of the Committee on Retirement and Insurance and moved its approval:

That Item 2 of the Report of the Committee on Retirement and Insurance, as approved by the Board of Trustees, 11 July 1955, be amended as follows:

After the numerals "55" and before the period, insert the following: Provided that voluntary applications may be accepted after June 30, 1955 from those persons presently or hereafter employed by the University, who would have been eligible for coverage under the University Retirement Plan, and payroll deductions shall be made by the Vice President and Business Manager for any premium arising thereunder, it being understood that each such applicant shall assume and pay the entire premium required as a result of such application.

The above motion was seconded by Judge Gorman, and upon roll call was approved by unanimous vote.

President Bevis now reported to the Board the death of William Herschel Stone, and in accordance with the recommendation of the Board of Trustees, a copy of the following resolution, expressing on behalf of the University the sorrow and sympathy of the Board, has been furnished to the family:

The Board of Trustees expresses its sorrow at the death of William Herschel Stone, Emeritus Professor of Education, on January 19, 1956. He was born in Spencer, Indiana on June 24, 1876.

Having attended Indiana State Normal School, Professor Stone was granted his Bachelor's degree by Indiana University in 1918. At Indiana University, too, Professor Stone completed his work for the Master's degree in 1921. His Doctor's degree was granted by the University of California in 1924.

From 1903 until 1916 Mr. Stone was Superintendent of Schools of Owen County, Indiana, and during the latter year he became assistant to the Indiana State Superintendent of Education, in which position he remained until 1917. During the First World War, Mr. Stone saw service as a civilian educational consultant with the United States Army at the Fort Des Moines (Iowa) Hospital and at the Letterman General Hospital in San Francisco. This service started in 1918 and terminated in 1922. Between 1923 and 1925 Professor Stone was Director of the Kansas City Industrial Education Branch of the University of Missouri.

Joining the faculty of the Ohio State University in the autumn of 1925 as Professor of Vocational Education, Professor Stone was chairman of the Department of Practical Arts and Vocational Education from 1926 until 1933. Subsequent to the consolidation of his department with four others of the College of Education, Professor Stone taught in and gave direction to the programs in guidance and business education until his retirement in 1946. He returned to the Department of Education for a year of post retirement service during the period of heavy enrollments following the end of the Second World War.

A number of the major professional organizations of his fields, Professor Stone was also the author of numerous articles in those fields as well as co-author of two books in them: *An Introduction to Guidance and Modern Business English*. Personally, Professor Stone was a man of considerable versatility and of varied interests. His quiet sense of humor, his professional co-operativeness, his unostentatious dignity, and his companionability

made him valued by his associates. Similarly, his interest in his students' activities and welfare and his willingness to devote his time and energy to promote their professional growth, along with his competence in stimulating their thinking, made him appreciated by both his graduate and undergraduate students, many of whom maintained contact with him following his retirement.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

Thereupon the Board adjourned to meet Monday, March 12, 1956, at 9:30 a.m. at the University.

Attest:

(Signed) CARL E. STEEB,
Secretary

(Signed) FORREST G. KETNER,
Chairman

President Bevis presented the following miscellaneous recommendations:

That the following leaves of absence, without salary, be granted:

Jacob R. Shank, Professor in the Department of Civil Engineering, for the period March 1, 1956 through September 30, 1956.

James B. Tharp, Professor in the Department of Education, for the period June 1, 1956 through September 30, 1956.

Albert L. Hulsen, Informational Writer II in the Broadcasting Station, effective February 15, 1956, for an indefinite period for Military Service.

That the leave of absence granted to Guy W. Miller, Specialist in Agricultural Economics, who is now serving as Chief Economist for the Government of Pakistan, be extended to March 31, 1957.

That the leave of absence granted to S. N. McIntosh, County Agricultural Agent in Holmes County, who is now in charge of the agricultural education program for all Pakistan, be extended to December 31, 1956.

That the appointment of Philip C. Hintz, Instructor in the Department of Dairy Technology, Rotary 15954, be corrected to read, "Regular" rather than "Special" and that his salary be increased from \$5,820.00 to \$5,856.00 to cover group insurance, effective March 1, 1956.

That faculty members retiring on September 30, and who complete their active service with the University at the end of the preceding spring quarter, be paid in full for the summer quarter on June 30.

That the agreement between the Ohio State University and the Department of Mental Hygiene and Correction of the State of Ohio for the operation of the Columbus Receiving Hospital and State Institute of Psychiatry, be approved.

That the following standards be adopted in awarding certificates for the completion of "non-credit" courses:

1. That all certificates be 6x9 inches in size.
2. That the format of the certificate contain:
 - a. The name of the Ohio State University, and if desired, the school or college concerned.
 - b. A blank for the name of recipient.
 - c. Kind of program completed. Example: "has successfully completed a short course in "Fundamentals of Property Insurance."

- d. That in case the program is cooperatively sponsored it include "offered by the Ohio State University with the co-operation of (name of cooperating agency)."
- e. The place (Columbus, Ohio) and a blank for the date to be placed in the lower left hand corner.
- f. That policies with respect to signatures shall be:
 1. That the President's name appear in script on all certificates.
 2. That according to the sponsorship of the program within the University, not more than two additional signatures appear from among the following classifications:
Dean of the College concerned;
Head of the Department, School, or Bureau concerned;
Coordinator of the Program.
 3. That certificates be awarded only in those programs offering a minimum of 20 hours of organized instruction.

The vice President and Business Manager presented the following report of the Director of Physical Plant and recommendations of the University Cabinet in connection with the rejection of bids, revised estimate of cost, and readvertisement on a ten-day basis for Replacement of Coal Track Hopper:

"On authority of the Board of Trustees, the University Cabinet met on February 16, 1956 for the purpose of opening bids on REPLACEMENT OF COAL TRACK HOPPER. Given below is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Borger Bros. Boiler Works, Inc.....	\$ 7,395
Limbach Company	7,500
Vlack Bros. Construction Company.....	8,895
G. W. Atkinson & Son	9,165
A. L. Meyer Construction Company.....	11,715
Krause & Pagura Incorporated.....	12,393

"The engineer's estimate for the above work was \$6,300. Since all the bids are above the engineer's estimate it is my recommendation that they all be rejected.

"It is apparent from the closeness of the two lowest bids that our estimate was too low for this project. Therefore, I wish to recommend

that the estimate be raised to \$7,500, and that the Board of Trustees authorize our retaking of new bids on a 10-day advertised basis."

On the basis of the above stated information, the University Cabinet therefore recommends that these bids be rejected; that the estimate of cost be revised to \$7,500.00, and that the Board of Trustees be requested authorize the taking of new bids on a ten-day advertised basis.

Upon motion of Judge Gorman, seconded by Mr. Kettering, the above report and recommendation of the University was approved by unanimous vote authorization given to advertise for this project on a ten-day basis.

The Vice President and Business Manager reported to the Board of Trustees that The Ohio State University has received proposals for the purchase of three tracts of land as follows:

1. *Cordelia Smith Tract*
63 acres, more or less, located on the west side of Don Scott Field and running through to Sawmill Road, at a price of \$1,000.00 per acre. This proposed purchase was approved by the Controlling Board in Request No. 115 on February 17, 1956.
2. *Wh. H. Hoover and Hazel Hoover Tract*
11 acres, more or less, located on Case Road, immediately east of land purchased from Henry Gabel, at a price of \$12,000.00
3. *Mary Trees Tract*
100 acres, more or less, located northesat of the Henry Gabel Tract. Does not join the northeast corner. This is listed with O'Neill and Company until March 22, 1956. It is available for purchase at a price of \$1,500 per acre.

Upon motion of General Dargusch, seconded by Judge Gorman, the purchase of the above described land was approved at the respective prices indicated and the Vice President and Business Mana-

ger was authorized to proceed to negotiate the separate and individual transactions and secure the necessary approvals for the purchase of these three tracts of land. Funds are to be provided from 804-1 Lands, H.B. 942.

The Vice President and Business Manager presented the following report for the record:

The Board of Trustees approved the construction of a hanger and office building by the Ohio Aviation Board at Don Scott Field on September 6, 1955. The cost of this construction is to be paid from an appropriation made to the Ohio Aviation Board in House Bill 932.

The University Cabinet has approved the location selected for this building and the general interior as presented in the preliminary plans by the University Architect. The location selected places the north wall of the main hanger section so as to align with the north wall of the existing control tower and parallel to Case Road. The west wall of the main office unit is to be 325 feet east of the east corner of the present hanger.

President Bevis presented the following miscellaneous recommendations:

That the following leaves of absence, without salary, be granted:

Seifred P. Bruny, Assistant State 4-H Club Leader, for the period April 1 to June 15, 1956 for graduate study at The Ohio State University;

Donald E. Zuhr, County Agricultural Agent, Mercer County, for the period April 1 to June 15, 1956 for graduate study at The Ohio State University.

Italo D. Puppel, Assistant Professor, part time, in the Department of Surgery, effective January 1, 1955 for an indefinite period, due to illness.

That the following leaves of absence, without salary, be granted:

Arthur S. Cosler, Jr., Research Associate on Research Foundation Rotary 11325, for the period March 24 through July 23, 1956.

Keith M. Bischoff, Acting Associate County Extension Agent, Mahoning County, effective April 16, 1956, for two years, for military service.

That George G. Everhart and Harold F. Trayer, County Agricultural Agents, Agricultural Extension Service, be retired effective March 31, 1956 and that they be given the title of County Agricultural Agent Emeritus;

That, upon the recommendation of the Faculty Council at its meeting held on March 13, 1956, the following persons be awarded honorary degrees at the June Commencement 1956:

Jess Harrison Davis	Doctor of Science
Robert Allan Moore	Doctor of Science
Harrison McAllister Randall	Doctor of Science
George Halland Sabine	Doctor of Laws
Ralph Winfred Tyler	Doctor of Laws
Albert Benedict Wolfe	Doctor of Laws

That the Lamme Medal be awarded at he Commencement on June 8, 1956 to Robert M. Critchfield. Mr. Critchfield was born in Columbus, Ohio, November 9, 1894. He attended school there and graduated from The Ohio State University in 1916 with a Bachelor of Electrical Engineering degree. Mr. Critchfield, General Manager of Pontiac Motor Division of General Motors, is a veteran of more than 31 years with General Motors Corporation. He is a vice president of General Motors and a member of the administration committee.

That the following recommendation of the College of Engineering and the Council on Instruction and approved by the Faculty Council on March 13, 1956, be presented to the Board of Trustees for approval:

The Council on Instruction at its meeting on January 9, 1956 approved the recommendation of the College of Engineering recommending the abolishment of the Department of Mining and Petroleum Engineering, and the shifting of the curriculum in Petroleum Engineering to Chemical Engineering, and the curriculum in Mining Engineering to Metallurgical Engineering.

That, upon the recommendation of the Faculty Council at its meeting held on March 13, 1956, the following changes in the Faculty Rules be approved:

1. That Rules 127 be amended to read as follows:

Rule 127. Alteration of Grades. A grade filed in the Office of the Registrar is a part of the official records of the University. It is not subject to change except upon written authorization of the Department Chairman or Director of the School and of the Dean of the College, and then only when a clerical error has been discovered.

2. That a new Rule, numbered 144, be added, this Rule to read:

Rule 144. Applications for Admission. Applications for admission to the University will be received by the Entrance Board not later than ten days before classes begin for any quarter. Applications made after this date, but before commencement of classes, will be charged a late application fee of \$5.00. No applications will be received alter than the day before classes begin. Exceptions to these provisions may be made only upon the approval of the Vice President for Student Affairs. However, applications for admission to the Twilight School may be submitted as late as the day of commencement of classes.

3. That Rule 160 be amended to read as follows:

Rule 160. Registration Conditional Upon Payment of Fees. All

quarterly bills, fees and laboratory deposits required from students must be paid at the Bursar's Office previous to and as a condition of registration for that quarter.

On the first day of classes each quarter each student will be required to demonstrate his right to enrollment in his scheduled classes by presentation of a schedule card and paid fee card, unless the instructor has in his possession at the time a roll card for that student.

4. That Rule 161 be amended to read:

Rule 161. Time of Registration and Payment of Fees; Penalties. Registration and payment of fees are required of all students by the close of the business day next preceding the first day of classes each quarter. Failure to meet this requirement will result in a penalty assessment of \$1.00 for each succeeding day, or fraction thereof, unless excused by the Office of the Registrar. The maximum penalty for late registration and payment of fees shall be: in the Twilight School, \$5.00; elsewhere, \$10.00.

The second Saturday noon of each quarter shall be the final deadline for fee payments. Individual exceptions to this provision may be made only upon the approval of the Vice President for Student Affairs.

5. That Rule 164 be altered to provide:

Rule 164. Filing and Changing of Schedule Cards. Students who are residence in any undergraduate college of the University during the Spring or Summer Quarter must present their study programs for the Autumn Quarter before September 1. Such students who are in residence during the Autumn or Winter Quarter are required to present their study programs for the following quarter at dates announced during these quarters. Failure to comply with this rule will result in the assessment of a fee of \$1.00 for each day of delay, the maximum being \$5.00.

Changes in approved schedules in undergraduate colleges will be made only upon approval of the College Office; provided, that a student may add a course to his schedule after the first Saturday noon after classes begin only with the permission of the instructor, the Chairman of the Department and the Dean of student's College.

6. That a new Rule, numbered 168, be added, this Rule to read as follows:

Rule 168. Compulsory Course Withdrawal. An enrollee of any undergraduate college who fails to attend a scheduled course before Saturday noon of the first week of classes, may, at the option of the department, be disenrolled immediately from such course. In the event a department chooses to take such action, it will be the responsibility of the department chairman to notify the student's college office. A change ticket removing the course from the student's schedule shall be prepared in the college office and a copy shall be forwarded to the Office of the Registrar.

7. That the first part of Rule 192 be amended to read:

Rule 192. Non-Payment of Debts by Students. At the discretion of the President, subsequent registration or graduation may

be denied when it appears that any student has left unsatisfied a legitimate debt or debts owed under either of the following circumstances:

That the following gifts be accepted and the appreciation of the Board of Trustees be appropriately expressed:

\$30,000 from Dorothy H. and Lewis Rosenstiel Foundation for research in Medicine, Rotary 11687

\$8,700 from Damon Runyon Memorial Fund for Cancer Research in Medicine by Dr. von Haam, Rotary 11693

Retention and Withdrawal of Students

Vice President Stradley presented the following report concerning the Retention and Withdrawal of Students at The Ohio State University.

Several studies have been made concerning the retention and withdrawal of students at The Ohio State University. Recently the University, along with 170 other colleges and universities, cooperated with the U. S. Office of Education in a sampling study of approximately 17,000 students. The report of this study will be published within a few weeks. This report should give additional information concerning the reasons why students drop out of a college or university before completing their work for their degrees. One of the most comprehensive studies undertaken thus far is now in progress under the direction of the University Counseling and Testing Center with the cooperation of the various college offices. The study presents data concerning 3,221 freshmen who entered The Ohio State University in the fall of 1952. These students would normally be graduated at the end of the present quarter—in June, 1956. Several conclusions and generalizations can be drawn from the study thus far completed.

Approximately one-third of the class had dropped out by the end of the first year.

Less than one-half of the class entered the third year.

Relatively few students drop out during their third and fourth years.

More than 40 per cent of the entering class were still in school at the end of the third calendar year. This is in line with a previous study in the form of a Master's thesis which indicated that approximately 40 per cent of those who enter The Ohio State University are graduated from one of its colleges.

There is a direct relationship between academic ability or success in high school and persistence in the university as evidenced by the following data.

Approximately 58 per cent of those from the upper one-third of their high school class are still in the University, while 21 per cent of those from the lower one-third of their high school class are still in the University.

Only 6 per cent of those from the upper one-third of their high school class have been dismissed from the university for academic reasons, while almost 40 per cent of those from the lower one-third of their high school class have been dismissed from the University for academic reasons.

Approximately two-third of the upper 10 per cent of the freshmen, as measured by the Ohio State Psychological Examination, were still in school at the end of three years, while about one-fourth of the lower 10 per cent were still in school.

Scores received on the Mathematics and English Placement Tests were indicative of success in college, with the English Placement Test being most indicative.

It is, therefore, apparent that there is a significant relationship between persistence in the University and high school achievement and various test scores. It should be emphasized, however, that a significant number of students with low test scores, and/or low high school achievement, persist and attain success in the University.

Approximately 40 per cent of the entering freshmen class either formally withdrew from the University or simply did not return. There is very little relationship between test scores or high school achievement and withdrawing or not continuing in the University. Such is also true of the relationship with the achievement in the University. In other words, high potential and high achievement students drop out of the University almost as frequently as low potential and low achievement students. Undoubtedly many factors are significant in causing students to drop out, and extensive research is needed to better identify these factors. It is evident, however, that basic individual motivations toward academic work, and personal values, are highly significant in this drop-out picture.

American Association of University Professors

Upon suggestion of Judge Gorman, the Secretary was directed to include in the Minutes of this meeting the following statement issued by President Bevis:

The Ohio State University has registered in detail with the Committee of the American Association of University Professors two points:

First. That Committee has published a finding concerning this University without notice, without hearing, and without knowledge of many important facts.

Second. This finding is based upon the premise set forth in Press Release of March 22, 1956 that dismissal of a faculty member for membership in the Communist Party taken by itself is not warranted. Such dismissal is alleged to be a violation of academic freedom.

The Ohio State University takes issue with this premise. There is no longer any reasonable doubt that members of the Communist Party are part of a conspiracy to overthrow the Government of the United States, by force if necessary.

Furthermore, no Party member is free to hold or express thoughts or opinions at variance with the current Party line.

In our judgment, therefore, no Party member is fit to become or to remain a professor in a State University.

This is the basic issue. Upon it we take our stand.

Vice President Heimberger's Statement to Council of A.A.U.P.

Upon motion of Judge Gorman, seconded by Mr. Kettering, the Board by unanimous vote directed the Secretary to include in the Minutes of this meeting the following statement which Vice President Heimberger presented orally to the Council of the American Association of University Professors at its meeting held in St. Louis on April 5, 1956.

My appearance before you today is probably the least expected and most distressing incident in a long career as a teacher and university administrator. My affiliation with this Association began almost 30 years ago when, as a graduate student, I applied for junior membership. Since then I have been an active member, a chapter officer and a contributor to the *Bulletin*. Of necessity, my status in recent years has been that of an associate member.

While I have not been in constant agreement on every issue, I have continued steadfastly to hold the A.A.U.P. in deep respect and great esteem as a force for good in the colleges and universities of America. Now, to my great personal dismay, I find myself shocked beyond belief by the the actions of one of its committees which, above all others, should understand and respect the high principles and the rich traditions of the Association. I still have a high regard for the A.A.U.P. and its value as a force for good. I hope that I may continue to give it my respect after the events of today are finished.

You have before you two recommendations which are of direct concern to the University which I represent, one of them vitally so. The first is a proposed new statement of policy with regard to the continued employed of avowed Communists. The seconded is a nationally publicized recommendation that the administration of Ohio State University should be placed on your censured list.

Perhaps I have no right to speak on the first issue. It is possible that you do not wish to hear the views of an associate member who is barred from active participation in the affairs of the A.A.U.P. But this matter concerns all university administrators and if you will allow me, I wish to say a few words about it.

In the general observations made by your special committee there is much with which no person sincerely devoted to intellectual freedom can possibly quarrel. While these truths have been stated over and over again, it probably serves a useful purpose to present them once

more in new and varied form. But the fact remains that the most important task for this Association right now is not to proclaim again what has long been known. It is, instead, to continue in the most effective possible ways the old, old struggle for acceptance and application.

Fortunately, as the report indicates, unwarranted fears and tensions seem to be easing and the situation is appreciably better than it was eight years ago. Unfortunately, as the report suggests but does not clearly admit, the record of the national A.A.U.P. over these difficult years has not been a distinguished one. In many instances local chapters and wise individuals, faced with very complex local situations, made records of which they may well be proud. In my opinion, this cannot be said of the national organization. Moreover, brave words and quickie reports written now will add no lustre to the record. It might even be said that, coming at this late date, they are written with little grace, particularly when they sometimes appear to cast doubt on the courage and wisdom of certain local chapters or Faculties. They may remind one just a little of that well-known declaration of the fact that "Me and my Daddy, we killed a bear, we did."

There is only one really new and crucial issue in the recommended statement of policy. It is the proposal to deny flatly the right of any institution to dismiss a faculty member for the sole reason that he is an avowed Communist. On the other hand, there is no clear and direct statement of disapproval if an institution uses this same criterion in its policy governing initial appointments. The college or university is allowed to say for all to hear that acceptance of Communist Party membership taken, entirely by itself, reveals certain characteristics which, with no regard for other considerations, make a man unfit to join the company of scholars and teachers whose heavy responsibility it is to seek and teach the truth. By what strange logic is it proper to refuse to employ a Communist but, at the same time, praiseworthy to allow one to continue to teach once he has been appointed, unwittingly or otherwise?

At the risk of almost certain condemnation as an appeaser or sail-trimmer, I should like to raise a few very practical questions—the kind of hard questions which an administrator is often faced with as he attempts to translate theory into action. What do you think will happen if the Association takes this new and rigid stand on nationwide policy? With no gift of prophecy, I think at least three developments can be predicted with reasonable accuracy. In the first place, the governing boards of many colleges and universities will get their backs up, defy this Association and enact specific rules which will end all doubt about the matter. The faculty member will emerge with less freedom than he now has and the administrator with less discretion to handle affairs which should properly be his responsibility.

In the second place, legislative bodies almost certainly take a new interest in this phase of academic affairs. Moreover, your committee would extend to them an open invitation to do so by foregoing censure wherever there is a prevailing law. I am sure that this invitation will be accepted and that we shall have a new wave of restrictive legislation which is not likely to be swept back by academic brooms. Much of this may be rejected later by the courts, but, in the meantime, there will be a damaging period in which bitterness and tension will be needlessly renewed.

Finally, and most damaging of all, many administrators will feel compelled to use excessive caution in making initial appointments. Those who are sincerely convinced that a Communist is not fit to belong to the teaching community because he is a member of a legally defined conspiracy and because he has, by his own choice, surrendered his academic freedom will be doubly careful lest they be caught with one who cannot be removed without facing public censure. The effect will be insidious and difficult to detect, but it will be there. Initial appointments are likely to be made only from the ranks of those who are beyond the slightest doubt. With open disclaimers also barred, there will be an unhealthy reliance upon rumor, hearsay and secret investigations. A heavy price will surely be paid through failure to employ the sincere, non-communist liberals who should be found in every Faculty. If it receives your approval, the committee's proposal on avowed Communists may prove to be 'penny wise and pound foolish.'

Now let me turn to the recommendation to censure the administration of The Ohio State University. According to your own record, a "special committee on certain academic freedom and tenure cases" was authorized last September. From the record, it appears that this committee held its first meeting on October 29. In mid-November it revealed to you secretly the names of the institutions to which its report was expected to relate. Both you and the members of the committee knew that we were being investigated and that plans were being made to publish the report in March. But apparently you did not feel that either due process or common courtesy required you to tell us. We know now that not even the President of our local chapter was informed.

On January 19, Professor Fuchs sent our President a confidential copy of the tentative draft of your committee's general statement, along with a similar draft of the statement pertaining to Ohio State, including a recommendation for censure. Needless to say, this came as a great shock to all of us. The documented record will show that, in every instance, we had supplied freely and promptly all information requested by the A.A.U.P. It will also show that the last communication we received from your office was on October 27, 1953. This was a wire from Ralph Himstead asking me to meet him in Indianapolis to discuss the 1953 incident. I replied by letter on the following day, telling him that his approach should be through the President, rather than through me, a Vice President.

The exact date has slipped my memory but at some time last year a distinguished member of our Faculty, who formerly served on this Council, told me that he had received a telephone call from an unnamed friend on another campus who had been asked to serve on a committee investigating Ohio. I reported this to President Bevis and he asked me whether our records were in shape for proper use by the committee. We then waited for word from Washington concerning the arrangements for the investigation. None came until it was all over and we learned that we had been tried and found guilty.

When we first received notice of what had happened we found it difficult to believe that the A.A.U.P. would be a party to proceedings of this nature. Slowly but surely we were disillusioned. The tentative draft was shown to only the Board of Trustees and the members of our faculty committee elected to confer with the administration. Meeting privately, this latter group drafted a letter of protest indi-

cating their disapproval of the self-evident abandonment of proper procedure in this case. President Bevis and Judge Robert N. Gorman, who had been Chairman of the Board in 1953, also voiced their amazement and registered their strong objections. Calling the action of your Committee "shockingly reckless" I, too, voiced my objections.

All of this was of no avail. In a three and one-half page single-spaced letter, Professor Fuchs patiently explained that there are differing kinds of hearings. This one had been on the record of what was publicly known and thus, apparently, failure to give notice, denial of the right to offer other evidence and lack of opportunity for rebuttal were of no importance. *After* the committee had reached its decision we had been given a chance to correct factual errors and to say what we thought about the verdict. Thus the whole procedure had been fair and with due process.

It is true that, in his covering letter of January 19, Professor Fuchs offered us an opportunity to correct factual errors in the tentative draft and, if we so desired, to express opinions which would be taken into account before final printing. While we did not think that it would be necessary, he also offered to try to arrange for a personal visit by a representative of the committee. Quite properly, President Bevis took the position that such a last-minute conference after a decision had been reached could not be accepted in any way as a substitute for the fair hearing which the slightest concern for due process should have called for in the first place.

Ordinarily, a first draft would not merit attention, but this one does. It was not a tentative statement of facts which, after correction of error, would be used as a basis for decisions. In this case a verdict had been reached and was included in the first draft. We were then asked to correct factual errors and offer any comments we might wish to make. But it seems clear that, by January 19, the committee had taken a stand from which it could be moved only with great difficulty. This makes it necessary to examine the first draft with care so that we may know just how your committee was prepared to make a fair decision—even a tentative one.

The report on Ohio State University which you now have before you is considerably different from the tentative draft which was sent to us on January 19. This is because there were errors of fact and serious omissions in the report as it was first written. Some of these were pointed out by President Bevis and, to a limited degree, corrected in the final draft. You may say that this proves the validity of your committee's claim that we were given a fair hearing. I say that it means just the opposite.

Remember that the first draft was written after a decision had been made. Presumably it reflected the evidence upon which that decision was based. It also reflected the committee's judgment of the weight of that evidence. It is my opinion that a comparison of the tentative draft with the final reports proves beyond doubt that, before voting censure and publicizing its decision nationally, the committee might better have relied upon due process and a fair hearing. Also revealed is a lack of knowledge about certain developments on our campus which should have been taken into full account before your committee ventured to reach its decision. Let me offer just a few examples of what might have been learned if the slightest respect had been given to the standards of due process and fair hearing which this Association has so often proclaimed.

With reference to the 1953 decision to dismiss an unnamed Associate Professor, your committee said in its original draft that little weight should be given to the concurrence of the faculty members who participated in the hearing. One of the three faculty members who concurred with the decision is retired, but he is perhaps the most highly esteemed elder statesman on our campus. Since their concurrence, both of the others have been elected by the Faculty Council to serve on the very important committee which confers with the administration and which now has one of its functions the selection of faculty participants in any tenure cases which may arise in the future. Through Faculty Council nomination, both are now serving on the committee advising the Board on the choice of a new President. The somewhat contemptuous reference to these three men does not appear in the report before you. It was removed at the suggestion of President Bevis. But it was there when your committee reached its conclusions about the quality of the decision to recommend dismissal. Professor Fuchs held later that we misunderstood the meaning of the original draft. Since our conviction was based upon words without interpretation, I prefer to let the committee's original words speak for themselves.

The last paragraph of your committee's report did not appear in the original. It is there today because of another suggestion by President Bevis. Apparently your committee was not aware of or considered unworthy of mention certain highly important developments which have occurred on our campus in recently years. Through a fair hearing it might have learned that, within a few days after the 1953 incident, President Bevis called together a representative group of faculty members and expressed his desire for a new standing committee of the Faculty and a clear statement of procedure for the future handling of tenure cases. That plan, which is partially described in the paragraph written after decision, was worked out in concert, brought to the Faculty Council jointly by the President and his committee and, finally approved by the Board of Trustees.

It is barely possible that your committee based its recommendation for censure upon the new and rigid policy which it now advocates with regard to the dismissal of known Communists. I find this difficult to believe because that proposed policy still has the status of a committee report and certainly could not be applied to an event which occurred three years ago. But, if that inflexible policy is not being applied, then your committee was in serious error when it failed to ascertain many facts and put itself in a better position to weigh the evidence before reaching a decision in this case.

For example, did your committee have any knowledge of the fact that I had a long conference with Professor X before he testified in Washington and before his subpoena was publicly known? Did it know that I had discussed this whole matter with the Board of Trustees and had been freely given sincere pledges concerning what they would do to defend Professor X if he testified that he had been a party member? Professor X knew nothing about these pledges since it did not seem proper to make either threats or promises to a man who had been called to testify. These facts do not appear in the record of the campus hearing for the simply reason that, in every instance, Professor X refused either to deny or admit any possible affiliation while he was under oath. To me, such facts are

relevant to a proper appraisal of a total situation. They are not relevant, of course, if we are faced with an *ex post facto* application of a new principle which is not law even today.

In its investigation of our case by long-distance and without hearing, your committee was not much impressed by the damage Professor X had done to two of his closest colleagues and friends by refusing to testify concerning their possible communist affiliations. Through proper investigation it might have learned that this was no trivial matter to be charged off to "legal error." These two men were, in fact, placed under a heavy cloud of suspicion. That cloud has not been entirely dispelled even today and I know of one person, at least, who would have been able to offer direct evidence of this fact. Your committee might also have learned that one of the injured parties was, at that very time, in Europe on a sensitive diplomatic mission. The other felt compelled to ask the congressional committee to subpoena him so that he might try to clear his name by testifying under oath.

In a kind of *obiter dictum*, your committee includes in its report a reference to the speakers' rule which was enacted by the Board of Trustees in 1951. Since the statement is a damaging one, I am forced to ask upon what basis it was made. How well and how fully did your committee know the facts of that incident? Did it systematically collect all pertinent information before reaching its decision? I can assure you that it did not because the relevant facts could have been obtained only through an examination of the minutes of the Faculty Council and the Board of Trustees. I could have told them exactly where to look if they had been interested.

They might have learned, for example, that, at the next meeting after the rule was enacted, the Board approved the recommendation of President Bevis that they should confer with an elected special committee of the Faculty. Several meetings were held and, at the December meeting, the Board approved an agreed-upon statement of policy which, in effect, supplanted the original rule. At the next meeting of the Faculty Council, the following motion was made and passed without division.

"The Faculty Council expresses the feeling that it finds itself in essential agreement with the Board's policy with respect to the responsibility of the Faculty for the selection of speakers."

Before reaching its decision concerning the situation at Ohio State, did your committee know that a part of the Agreement called for the establishment of a committee, dominated by elected members of the Faculty, whose function it would be to keep watch over freedom to speak on the campus under the new policy? Probably not, since there was no reference to this relevant fact in the original draft. It was included when this omission was brought to the committee's attention after January 19.

Does your committee know, even today, that the faculty members of this committee, acting entirely apart from any representative of the administration, prepared, distributed, collected and summarized the results of a campus-wide questionnaire survey of opinions concerning the state of freedom under the new policy? I have the summary of that survey in my hand. It would have been made available to your committee in any hearing worthy of the name. I can assure you that it would not be of great help to anyone hoping for the worst.

Quite like the report of your committee, the Speakers' Rule made the headlines all over the country when it was first published. But, as may always be expected, few people knew what had happened just three months later. Since there had never been a thorough investigation of the full course of events, it was your committee's responsibility to make one before publicizing a sweeping and damaging opinion about the total situation at Ohio State.

Scattered throughout the report which is now before you are such phrases or sentences as "rational procedure," "formal hearing," "right to a fair hearing," "full hearing," denial of due process," "due consideration of factors relevant" and, finally, "The need to determine all the issues in such circumstances implies the right to a full hearing." These are but a few and they are admittedly taken out of context, but they do reveal a praiseworthy concern for due process—for university professors, that is, not for university administrators. In this very same report there is not one word about any possible situation in which it would be proper for the administrator to reach a decision when due notice had not been given, the investigation was made in secret, and there was no hearing of the interested parties. This privilege the committee reserved for itself.

Perhaps it is unfair to be too critical. After all, your committee seemed to have a job to do and it was done with commendable speed. From your own record, as published two weeks ago, it appears that from October 29, the date of their first meeting, until January 19, when their findings were mimeographed and ready for mailing, they were exceptionally diligent. In that brief span of less than three months they had investigated very complex situations in 18 colleges and universities; reached decisions to commend, censure or hold for further consideration; and, finally, prepared a proposed statement of a new policy which is of vital importance to every college and university in America. All of this was done, of course, with the thoroughness and the meticulous concern for the rights of others through which the good name of the American Association of University Professors has been established. Surely, in all the history of academic life there has never been another committee of eight professors so diligent, so quick to reach agreement and so prompt in publishing its report.

My choice of words this afternoon should be convincing proof that I am not here to plead for mercy. Neither am I asking for a whitewash of the administration of Ohio State University. But I am saying that your committee has completely and brazenly abandoned much that the American Association of University Professors stood for with courage, pride and effectiveness in former years.

The only sanction which this Association has is its ability to command the attention and respect of thoughtful persons throughout America. If you, as members of this Council, give your approval to this report you will have forfeited all right to speak and be listened to on matters of due process, fair hearing and proper decision. When the facts are widely known, you will have earned the scorn of many who now look to you with respect, if not always in full agreement. I shall be in that company because you will have given me no other choice.

The administration of Ohio State University is not on trial today. We have already been convicted in secret and with no semblance of

due process and a fair hearing of all relevant facts. Our punishment has already been meted out and it is now beyond the power of you or anyone else to give redress.

It is the American Association of University Professors which stands trial today. At stake are its good name and its right to be heard with respect in the years ahead. You, alone, must make the decision where this Association will now abandon the principles which it has so long proclaimed and so vigorously defended.

The Board by unanimous vote approved the suggestion of General Dargusch that the four lawyers on the Board constitute a committee to draft a resolution relating to the action taken by the American Association of University Professors at its meeting held in St. Louis April 5, 1956.

* * * * *

General Dargusch now presented the following resolution prepared by the special committee of the Board:

The administration of The Ohio State University has been censured by the American Association of University Professors without hearing. The censure is premised upon the statement of the Association that dismissal from a faculty "for . . . membership in the Communist Party is not warranted." The Board of Trustees emphatically rejects that premise.

The Board wishes to commend the action taken by Ohio State faculty members with respect to the proposal of censure.

There are not facts before the Board which would justify reconsideration of the Darling case. The decision there was reached by the Board after hearing and consideration of all the facts and is hereby affirmed.

Upon motion of Judge Gorman, seconded by General Dargusch, the above resolution was adopted by unanimous vote.

* * * * *

Judge Gorman presented the following resolution and moved its adoption:

Be it resolved that a copy of the foregoing resolution be transmitted by the Secretary to the Association of American University Professors and to the controlling boards of all universities and colleges affiliated with said Association.

The above motion was seconded by General Dargusch and upon roll call was approved by unanimous vote.

Distinguished Service Awards

President Bevis now presented the recommendation of the Committee on Distinguished Service Awards. This Committee recommended the following persons to receive the Distinguished Service Award at the June 1956 Commencement:

Russell G. Means
Stanley M. Hanley
Carl E. Steeb
John W. Wilce
Alpheus W. Smith
Frank R. Strong

Upon motion of General Dargusch, seconded by Senator Huffman, this recommendation was approved by unanimous vote of the Board.

Rehabilitation Center

President Bevis reported further progress upon the establishment of the Rehabilitation Center.

To break the deadlock created by the provisions of the State and the Federal appropriations (each of which is to become effective upon payment by the other), the State Emergency Board has agreed to make available \$15,000 for the drawing of plans for a building. Before these plans can be drawn, a site must be chosen. The Rehabilitation Center Board desires a site "in close proximity to the Health Center."

President Bevis recommended therefore, that the University Architect and the Cabinet choose an exact site and report its selection to this Board.

Upon motion of Senator Bricker, seconded by Senator Huffman, this recommendation was approved by unanimous vote of the Board.

The Board approved General Dargusch's suggestion that the Secretary be directed to send the following statement to the Director of Athletics and the Athletic Board for their consideration:

Reference is made to the "Final Report of the Board of Trustees Committee on Athletics" to this Board. It had to do with the distribution of football tickets. A report had previously been made on complimentary football tickets. The ticket problem was difficult then; it is even more so now, for The University will have graduated 104,601 by June 30, 1956 and it is estimated that 90,000 of those graduates will still be living at that time. With graduates this year numbering 3,598, the ticket problems constantly grow. In addition, the number of students is constantly increasing and will soon double the enrollment of 1940 which was approximately 13,000.

The ticket problem is initially the responsibility of the Athletic Board and finally the responsibility of the Board of Trustees, and in its (The Athletic Board) consideration of the problem, it is believed, as set forth in the report of September 8, 1953 that (a) students should be given first consideration, and (b) Alumni and benefactors, faculty and staff next consideration. The status of stadium subscribers should be defined, a limit placed on the total number of tickets allotted to any one subscriber, the lottery discontinued, and allotment of tickets and seating preference determined in accordance with the year of graduation or the year as of which a benefactor began such or some other similar system. In view of the increasing demand for tickets, the number of complimentary should be reduced to the smallest practical number. The possible enlargement of the stadium should also be considered.

The foregoing is to be referred to the Director of Athletics and the Athletic Board for their consideration.

The Vice President and Business Manager reported that the University Cabinet has approved the following (A) Extras to Contracts (B) Credits to Contracts, and (C) Extension of Time to Contract, and recommended that they now be approved by the Board of Trustees:

(A) *Extras to Contracts*

<i>Joseph Skilken and Company</i>	\$ 750.00
Relocation of 8 aisles in order to provide even numbers of seats per row thus simplifying the sale of tickets in the St. John Arena.	
Original Contract—\$2,446,600.00—June 18, 1954	
<i>Scioto Plumbing and Heating Company</i>	\$1,226.00
Relocation of the pressure reducing train for the Indoor Practice Section of the Field House Group one bay north because of the conflict encountered with other mechanical piping including the main steam line already in this space.	
Original Contract—\$60,500.00—March 14, 1955	
<i>Limbach Company</i>	\$1,595.00
Changes in the plumbing of the Diagnostic X-Ray and Classroom Facilities, College of Medicine, required to accommodate the North Wing Addition of University Hospital, a separate contract.	
Original Contract—\$30,167.00—April 26, 1955	
<i>Electrical Contractors, Inc.</i>	\$3,335.97
Changes required in the electrical work of the Diagnostic X-Ray and Classroom Facilities, College of Medicine, in order to accommodate the North Wing Addition of University Hospital, a separate contract.	
Original Contract—\$69,334.00—April 28, 1955	
<i>Joseph Skilken and Company</i>	\$6,000.00
Painting the entire underside of the metal roof deck with one coat of rust inhibitive paint in lieu of the "touch-up" paint requirements of the specifications for the St. John Arena.	
Original Contract \$2,446,600.00—June 18, 1954	
<i>Piping Contractors Company</i>	\$3,707.62
Changes required in the heating facilities of Diagnostic X-Ray and Classroom Facilities, College of Medicine, to accommodate the North Wing Addition to University Hospital, a separate contract.	
Original Contract—\$96,070.00—April 22, 1955	
<i>Huffman-Wolfe Company</i>	\$ 109.00
Provision for an exhaust grille in the wall of Sterilizer Room 152 to connect with the duct above the sterilizers in Room 153 of the Basic Science Unit, College of Veterinary Medicine.	
Original Contract—\$128,500.00—April 22, 1955	
<i>Blum Electric Company</i>	\$ 281.00
Changing an oil fuse cutout from a GWFC-3-T to a GWFC-42-5000 volt, 200 amp., in the Basic Science Unit, College of Veterinary Medicine.	
Original Contract—\$118,483.00—April 22, 1955	
<i>Joseph Skilken and Company</i>	\$ 291.00
Revision to window W-1 and provision of various Ginnell fittings and appurtenances on the southeast tower for the anchoring of television equipment in the St. John Arena.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contract to the low bidder for the Replacement of Coal Track Hopper and now recommends that the actions of the Cabinet be approved by the Board of Trustees:

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on March 26, 1956 for the purpose of opening bids on Replacement of Coal Track Hopper after a 10-day advertisement. Given below is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Central Ohio Welding Company	\$ 5,875.00
Limbach Company	6,975.00
Borger Bros. Boiler Works, Inc.	7,195.00
Vlack Bros. Construction Company	8,895.00
Krause & Pagura, Inc.	10,329.00

"The engineer's revised estimate for the above work was \$7,500.00. The low bid of Central Ohio Welding Company is regular in every respect and is below the engineer's estimate. Therefore, I wish to recommend that The Ohio State University enter into a contract with Central Ohio Welding Company at their bid of \$5,875."

Funds for the execution of this contract, which is recommended for award, will be provided from F-9 Other, H.B. 929.

Upon motion of Senator Bricker, seconded by General Dargusch, the above actions of the University Cabinet were approved by unanimous vote.

President Bevis now reported to the Board the death of Dr. Milton Berman, and in accordance with the recommendation of the Board of Trustees, a copy of the following resolution, expressing on behalf of the University the sorrow and sympathy of the Board, has been furnished to the family:

The Board of Trustees expresses its sorrow at the death of Dr. Milton Berman, Instructor in the College of Dentistry, on February 10, 1956. Dr. Berman was a native of Ohio, and was born on July 19, 1913.

On completion of his elementary high school education in Akron, Ohio, Dr. Berman attended the Ohio State University where he received his Bachelor of Arts degree in 1933, and his Doctor of Dental Surgery degree in 1940. Following Dr. Berman's graduation from the College of Dentistry he was a graduate student in the Department of Anatomy for several years before entering military service. Dr. Berman served as a Lieutenant in the United States Army.

He was appointed as Instructor in the College of Dentistry on January 1, 1955.

In addition to being a member of the Columbus Dental Society, the Ohio State Dental Association and the American Dental Association, Dr. Berman was a member of the International Association for Dental Research.

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the minutes of the Board.

Thereupon the Board adjourned to meet Monday, May 14, 1956. at 9:30 a.m. at the University.

Attest:

President Bevis presented the following miscellaneous recommendations:

That the following leaves of absence, without salary, be granted:

Erwin Kleinfeld, Assistant Professor, Department of Mathematics, for the period June 1 through September 30, 1956, in order to serve as supervisor on Research Foundation Project 646;

Robert S. Goyer, Instructor, Department of Speech, for the period June 1, 1956 through September 30, 1956, to work on Research Foundation Project No. 669 at the Research Foundation;

Ruth M. Erlandson, Reference Librarian and Assistant Professor of Library Administration, for the period June 18, 1956 through August 9, 1956, to teach in the Summer Session at the University of Illinois Library School.

That John R. Randall, Associate Professor, Department of Geography, and Clifford V. Heer, Associate Professor, Department of Physics and Astronomy, be permitted to serve during the Summer Quarter 1956 as one of their regular quarters of service for the year 1956-1957, and that the fourth quarter credits set up by the regular procedure be cancelled and new credits set up based on their salaries budgeted for 1956-1957.

Dr. Randall's services are needed during the Summer to handle some of the courses to be offered in the Near East Program, and Dr. Heer is the only staff member available to teach some 800-level courses in Physics which are to be offered in the Summer Quarter. The schedule of classes is such that both men can be spared in the Autumn Quarter.

That \$4,000.00 be transferred from Dairy Laboratory Rotary 15954 to Dairy Technology Rotary 13156;

That, upon the recommendation of the Faculty Council, degrees be awarded at the Spring Convocation on June 8, 1956, to the following-named students who have completed their requirements therefor:

Report—Ticket Committee of the Athletic Board

Professor Kenneth J. Arisman and Hugh S. Jenkins presented and explained to the Board in detail, the study which has been made by the Ticket Committee of the Athletic Board concerning the ticket situation and the annual difficulty encountered in allocating football tickets.

Following this explanation, the Committee then presented the following recommendations which have been approved by the Athletic Board:

Summary of Recommendations

1. The football tickets be allocated to the following groups in the order given:
 - (A) Students
 - (B) Faculty and Employees
 - (C) Visiting School
 - (D) The Ohio State University Association and Benefactors
 - (E) The General Public
2. The location of seats for the above group is as follows:
 - (A) Students—west side of 50-yard line north continuing around the closed end of the Stadium
 - (B) Faculty and Employees—West side of 50-yard line south
 - (C) The Visiting School—East side of 50-yard lines north
 - (D) The Ohio State University Association and Benefactors—East side of 50-yard line south, plus seats left over from (C) above
 - (E) General Public—Seats not otherwise assigned or used.
3. The current limitations on number of seats available for students, faculty and employees and visiting school be continued as they were in operation for the 1955 season.
4. (A) Benefactors be defined as those who are providing continuous support to the University and its services.
 (B) Faculty and employees be defined as those members of the staff who have been members of the University family a sufficient period as to hold tenure. This in effect means persons holding rank of Instructor or below are not given preferential location in the faculty section until after two years or eight consecutive quarters of work on the University faculty.
5. *Block Orders*
 - (A) Block orders be reduced at once and the percentage of seats now allocated to block orders be reduced 50% for the 1956 season and 25% in addition for the 1957 season. These figures refer to seats in the playing field.
6. *Stadium Subscribers*
 - (A) It is recommended that all preferential treatment accorded to Stadium subscribers be declared null and void beginning with the 1956 season and continuing thereafter and that the preferential locations accorded these sub-

scribers revert to the University, except for living founders. All subscribers who should be continued on a preferred list be allotted not more than four seats.

- (B) The University has for thirty-five years, and rightly so, recognized this group of Stadium subscribers as being eligible for preferential seats. It must be remembered that these locations were not given in perpetuity, but as near as can be determined, were originally allocated for a period of ten years. In many instances, the original subscribers have left the city, in some cases are deceased, and in other cases, their preferential locations have been willed the heirs. It is the considered judgment of this Committee that the University has been more than generous to this group and must re-examine this situation. It is the hope in making this recommendation that preferential treatment may now be given to the increasing number of presently active benefactors, including Stadium subscribers who are now giving significant support to the University and its activities. The recommendations given under (A) above refer to all persons falling in the Stadium subscriber groups who now hold "A" and "B" deck boxes and other preferred locations in the playing field.

7. *Employers of Athletes*

- (A) That the figure be stabilized at the approximate figure of 1,066 books in the playing field.

8. *Frontliners*

- (A) That the figure be stabilized at the current figure of four books to each Frontliner.

9. *State, City and County Officials*

- (A) Stabilize the complimentaries now available to this group in accordance with the practice of the Business Office—550 books.

10. *Complimentaries*

- (A) That the list of complimentaries agreed to by the Athletic Board, as found in the previous excerpts of the Minutes and approved by the Board of Trustees, be strongly adhered to in each category with an over-all limitation of not in excess of 4,300 tickets.
- (B) The present method of allocation of tickets to newspapers be continued upon the basis of 32 complimentaries to each of the Columbus papers and two to each of the working press or Sports Staff. In no case should there be more than 40 complimentary tickets in preferred location allocated in total to any one newspaper.
- (C) The complimentaries to the press services be continued as at the present time.
- (D) Radio and Television—two complimentaries be given those personnel of Radio and Television Stations who actively cover The Ohio State University Football games and that the Station itself should not be granted tickets within the playing field.
- (E) Weekly Papers—present practice be continued.

- (F) The Varsity "O" Association—present practice be continued.

11. *The Alumni Lottery*

- (A) That the seats made available by reducing the holdings of various groups except the "A" and "B" boxes be allocated to the Alumni Rotation Plan.
- (B) That the season books formerly sold through the Alumni Lottery System be allocated on a rotation plan for the purchasers who were formerly in the lottery plan. This means that an order from a member of Group III would rotate in location from field-of-play seats, to seats in less desirable location, and, over a three to four year period, would complete the cycle, returning to field-of-play location. On the basis of orders considered in this report, it appears that complete rotation would require three to four seasons. For a purchaser to be included in this rotation plan, it would require at least one year membership in Group III, with continued purchase a requisite for continuance in the rotation plan. (This means that a Group III member could not be included in the plan if he only ordered when his name was rotated for the good locations.) Continuous purchase is a requisite in order to retain privileges of this plan. Failure to purchase drops a member to the less satisfactory locations, until his normal group is in that location and rotates to the better seats. Groupings are made alphabetically with the Alumni Secretary making the original alphabetical rotation selection.

12. *Football Ticket Prices*

- (A) It is the recommendation of the Ticket Committee that, in view of the financial arrangements in connection with the Arena and the Field House, as well as some possible means to alleviate and improve the toilet situation in the Stadium, the ticket prices for the 1956 season be increased as follows:

	1954-1955		1956	
	<i>Individual</i>	<i>Season</i>	<i>Individual</i>	<i>Season</i>
South Bleachers	\$3.00	\$3.00
Field Bleachers	3.00	\$18.00	3.00	\$18.00
Stadium North End	3.50	18.00	4.00	24.00
Stadium	3.50	21.00	4.00	24.00
Box—North End				
Sec. 1-8	4.50	27.00	5.00	30.00
Box—All "B" and				
Sec. "A" 9-24	4.50	27.00	5.00	30.00
Student Activity Cards	10.00	All Year	12.00	All Year
Faculty Activity Cards	12.00	All Year	14.00	All Year

13. *The University Box Seats*

- (A) That we establish as University Boxes a President's Box of sixteen seats and boxes for the Vice Presidents of eight seats each.

(B) Box A 16 for use of Athletic Department.

(C) That these Boxes be designated as University Boxes.

14. Due to involvements of the problem of allocation of seats in the new Arena, it is the recommendation of this Committee that no commitments on this subject be made until such time as a thorough and complete study of the problem has been made by the Ticket Committee.

Upon motion of General Dargusch, seconded by Judge Gorman, the above recommendations were approved by unanimous vote.

University Counseling and Testing Center—Fees

Vice President Stradley presented the following proposed revision of the Fee Structure of the University Counseling and Testing Center, and recommended its approval:

That fees be established on a cost basis for rendering counseling and testing services by the University Counseling and Testing Center to individuals not enrolled in The Ohio State University, and that such fees be as follows:

Seven dollars and fifty cents (\$7.50) for the initial interview for individuals who desire to terminate the process at this stage.

Fifteen dollars (\$15.00) for the complete counseling and testing services for individuals enrolled in accredited schools or colleges other than The Ohio State University.

Twenty-five dollars (\$25.00) for the complete counseling and testing services for all other individuals.

Seven dollars and fifty cents (\$7.50) for each additional interview requested by an individual, following the completion of the initial counseling process.

That fees be established on a cost basis for administration of special tests by the University Counseling and Testing Center to individuals not enrolled in The Ohio State University, and that such fees range from one dollar to ten dollars depending on the cost of administration for each individual case.

That, insofar as conditions will allow, aptitude, interest and achievement tests be machine scored by the test scoring service of the University Counseling and Testing Center on a cost basis for schools and agencies in the State of Ohio requesting such service.

That fees be established to cover the cost of scoring certain tests administered to students as part of the counseling process—such tests to be taken voluntarily on the part of the student, and only for tests that require scoring off the campus, and such fees not to exceed two dollars (\$2.00) for any one test.

Upon motion of Mr. Black, seconded by Senator Bricker, the above recommendation was approved by unanimous vote.

The Vice President and Business Manager reported that the University Cabinet has approved the following (A) Extras to Contracts and (B) Credits to Contracts, and recommended that they now be approved by the Board of Trustees:

<i>Architect's Estimate</i>	243,103.10	960.00	3,136.00	7,576.00

The bid of the Trimmer Construction Company including all alternates totals \$247,220.00, is the low bid, regular in all respects and is below the Architect's estimate. It is, therefore, the recommendation of this office that the Controlling Board be requested to grant permission to award this contract to the Trimmer Construction Company, notwithstanding the fact that their bid on Alternate G-1 and Alternate G-2 is higher than the estimate of the Architect. It is further recommended that, if this permission is granted, the Director of Public Work be requested to execute a proper contract accordingly.

Funds for the execution of this contract, which is recommended for award to the Trimmer Construction Company, will be provided by a transfer from Athletic Department Funds to G-2-J Field House, H.B. 929.

Upon motion of Senator Bricker, seconded by Mr. Kettering, the above action of the University Cabinet was approved by unanimous vote.

The Vice President and Business Manager presented the recommendation that a transfer of \$10,000 be made from Rotary 12261, General University Fund to Rotary 12801 Travel to supplement the F-6 Travel appropriation in H.B. 929 for the fiscal year 1955-1956.

Upon motion of General Dargusch, seconded by Mr. Black, the above recommendation was unanimously approved.

* * * * *

The Vice President and Business Manager presented the recommendation that a transfer be made of \$7,049.51 from Rotary 12261, General University Fund to Rotary 12999, General Operations, to cover final purchases of minor equipment for the Television Station.

Upon motion of Mr. Black, seconded by Senator Huffman, the above recommendation was unanimously approved.

The Vice President and Business Manager presented the following report and recommendation:

The practice of issuing parking permits in the form of a metal tag was discontinued in 1952, and refunds of the \$5.00 deposits were made to all faculty and employees turning in the metal tag at that time.

It is believed that sufficient time has now elapsed since the notice was given that refunds were available to give everyone an opportunity to apply for a refund. Therefore, it is recommended that all outstanding deposits be forfeited and the balance of \$4,903.30 remaining in the University Treasurer Investment Account be transferred to the General Funds of the University.

Upon motion of Mr. Black, seconded by Senator Huffman, the above recommendation was unanimously approved.

The Vice President and Business Manager presented the following report and recommendation:

In 1920 an amount of money was received by the University for additional bells for the Orton Hall chimes. The balance has been carried for a number of years in the University Treasurer Investment Account.

Since future additions to the chimes will be made from University maintenance funds, it is recommended that the balance of \$1,608.35 be transferred to the General Funds of the University for appropriation by the Board of Trustees.

Upon motion of General Dargusch, seconded by Mr. Kettering, the above recommendation was unanimously approved.

The Vice President and Business Manager presented the recommendation of the Director of Physical Plant that Mr. Marlin A. Allen be given special police commission by the Board of Trustees under authority granted by Section 3345.04 of the Revised Code.

Upon motion of Mr. Black, seconded by Senator Bricker, the above recommendation was unanimously approved.

State Highway Testing Laboratory

The Vice President and Business Manager presented the following report and recommendations of the University Cabinet:

The State Highway Testing Laboratory has need for expanding their building in order to accommodate the additional work being placed on them by the enlarged road building program.

At the present time they are occupying three floors of a portion of the Engineering Experiment Station quadrangle which they built out of their own funds and have maintained according to a contract which the University has had with the State Highway Department. This building is located in a very congested area of the campus and there is no satisfactory way in which they can expand in their present location.

Director of Highways, S. O. Linzell, has requested The Ohio State University to assign to the Highway Department a plot of land as a site for the construction of a new State Highway Testing Laboratory.

The University Cabinet after careful consideration recommends that a plot of land, approximately 218 feet north and south and 1199 feet east and west, bounded by Kinnear Road on the north and North Starr Road on the west be assigned to the Department of Highways for their use with the suggestion that the first building be placed near the east boundary line and any buildings they may construct in the future be placed to the west of this first one.

It is further recommended that the Board of Trustees of The Ohio State University take the necessary steps to enter into a Memorandum of Agreement with the Department of Highways covering the necessary arrangements for the assignment of the land as described above.

Upon motion of Senator Huffman, seconded by Mr. Black, the above recommendations were approved by unanimous vote.

The Vice President and Business Manager presented the following report and recommendation:

In accordance with the Trust Agreement dated March 1, 1955, between The Ohio State University and the Ohio National Bank as trustees, the interest payment on Athletic Revenue Bonds is due June 1, 1956 for the period December 1, 1955 to June 1, 1956.

In order to provide funds for this payment it is recommended that \$34,287.50 be transferred from the Athletic Revenue Fund into the Debt Service Fund.

Upon motion of Mr. Black, seconded by Senator Bricker, the above recommendation was unanimously approved.

Land

The Vice President and Business Manager reported to the Board of Trustees that The Ohio State University has received proposals for the purchase of two tracts of land as follows:

1. *Lane Tract, 21 acres on Case Road*

This land adjoins the southeast corner of the Don Scott Field and also the Gabel tracts which is immediately east. This would square up the land on Case Road and would be an important addition to the Airport property and farm. This land may be purchased at a price of \$1,500.00 per acre.

2. *Quillette Tract, 21 acres*

This land lies along the Chesapeake and Ohio Railroad and is immediately east of the Trees property which is in process of purchase by the University. This tract would be an important addition to the farm and would give access to railroad in the event it might be needed in the future. The price of this property is \$1,500.00 per acre.

Funds for the purchase of these two tracts of land will be provided by a transfer of \$63,375.00 from General University Funds to a new account G-1a Lands, H.B. 929.

Upon motion of General Dargusch, seconded by Senator Huffman, the purchase of the above-described land was approved at the respective prices indicated and the Vice President and Business Manager was authorized to proceed to negotiate the separate and individual transactions and secure the necessary approvals for the purchase of these two tracts of land, and approval was granted for the transfer of funds as described above.

Land

The Vice President and Business Manager reported to the Board of Trustees that The Ohio State University has received proposals for the purchase of thirty-nine (39) lots in the R. P. Woodruff's Agricultural College Addition as follows:

Lot Nos. 62, 63, 64, 65, 67, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, E ½ of 87, 88, 89, 200, 201, 202, 205, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 220 and W ½ of 221.

The combined gross cost to The Ohio State University is \$460,124.00 or approximately \$12,300.00 per lot. Funds for the purchase of this property would be provided by a transfer of \$164,430.00

from General University Funds to G-1a Lands, H.B. 929; \$10,370.00 from G-1-1 Lands, H.B. 932; and \$285,324.00 from 804-1 Lands, H.B. 942.

Upon motion of Judge Gorman, seconded by Senator Bricker, the purchase of the above-described land was approved at the total cost as shown above and the Vice President and Business Manager was authorized to proceed to negotiate the separate and individual transactions and secure the necessary approvals for the purchase of this property, and approval was granted for the transfer of funds as described above.

President Bevis now reported to the Board the death of Dan Lee Kirlin and, in accordance with the recommendation of the Board of Trustees, a copy of the following resolution, expressing on behalf of the University, the sorrow and sympathy of the Board, has been furnished to the family:

The Board of Trustees expresses its sorrow at the death of Dan Lee Kirlin, Instructor in Zoology and Entomology, on April 18, 1956.

Mr. Kirlin was born in Wolcottville, Indiana, on August 31, 1926. His family moved to Ohio in May, 1933. His mother, Mrs. Ruah M. Renz, presently resides in Lima, Ohio.

Mr. Kirlin attended and graduated from the Lima Central High School. He was married to Priscilla Gregg, of Lima, on June 23, 1944. To this marriage were born two sons, David L. and John A. In 1944 Dan entered military service with the U. S. Navy. He was separated from military service on April 14, 1946, and entered the College of Arts and Sciences at This Ohio State University in June, where he majored in biological science, graduating with the B.A. degree. During his undergraduate training he became a member of the Sigma Nu fraternity, and a member of the Ohio Academy of Science. In June, 1950 he entered the Graduate School at The Ohio State University and received his M.Sc. degree in June, 1952. The title of his thesis was "The Comparative Effects of Vitamin B-12 and Aureomycin on Body Weight of the Laboratory Rat."

Since obtaining his Master's degree Mr. Kirlin had been preparing for his Ph.D. degree. With all other requirements fulfilled, he was on the verge of completing research for the dissertation. This research was concerned with the basal nutritional requirements for mink with special reference to the relation of vitamin supplements to fat metabolism. While a graduate student, Mr. Kirlin was employed by The Ohio State University as a Graduate Assistant and eventually as an Instructor in the Department of Zoology and Entomology. This position he held until his death, at the age of 29.

We find it difficult to summarize the virtues of so close a companion as Dan. They all are embodied in the unqualified respect we felt toward him for his devotion to his family, his students and his colleagues. Certainly his cheerful nature played a vital role in the esprit de corps which prevails in our graduate laboratory. Above all we are indebted to Dan for his lesson of uncommon courage in the face of supreme adversity. We have all learned much—we shall sorely miss the teacher.

5-14-'56

On behalf of the entire University, the Board of Trustees expresses to the family its deep sympathy and sense of understanding in its loss. It is directed that this resolution be inscribed upon the Minutes of the Board.

Thereupon the Board adjourned to meet Monday, June 11, 1956, at 9:30 a.m. at the University.

Attest:

The minutes of the last meeting were approved.

* * * * *

General Dargusch now offered the following motion, which was seconded by Judge Gorman, that a committee on University Relations of three members be established by the Board; said Committee to consist of Forrest Ketner, as Chairman and Senators Huffman and Bricker as members. The Committee is to study all phases of the University's relations with its Student Body, Faculty, Alumni, the Public, other Educational Institutions and Government. The Committee is to make a preliminary report to the Board at its September 1956 meeting.

The above motion was approved by unanimous vote.

* * * * *

General Dargusch offered the following motion, which was seconded by Senator Bricker, that a Finance Committee of three members be established by the Board, said Committee to consist of General Carlton S. Dargusch, as Chairman and Senators Huffman and Bricker. Said Committee to be charged with the continuing review of all financial policies, procedures and classifications, including non-Civil Service position classifications.

The above motion was approved by unanimous vote.

President Bevis reported that after a search covering the whole country and with the concurrence of Dr. Heimberger, he recommended Dr. Richard C. Hull for the position of Director of Radio and Television Broadcasting, at the salary of \$18,000.00 a year beginning November 1, 1956.

Mr. Hull has had several years experience as Director of Radio and Television at the State University of Iowa and has had extensive experience in preparation and management of Television programs.

It is the intent of this recommendation that both the Television and Radio Stations will be put under Mr. Hull's management.

It is recommended that as of November 1, 1956, Mr. Higgy's title be changed to Associate Director for Engineering and Transmission, and his salary be fixed at \$10,000.00

Upon motion of General Dargusch, seconded by Judge Gorman, the above recommendations were approved by unanimous vote.

* * * * *

Annual Salary Budget

The President now presented the annual salary budget for the fiscal year 1956-1957, and recommended its approval.

Upon motion of Judge Gorman, seconded by Mr. Kettering, the budget as presented was approved by unanimous vote.

Honorary Degree, Howard Landis Bevis

Vice President Heimberger presented the following letter from the Faculty Council:

Vice President Frederic Heimberger
Administration Building
Campus

Dear Vice President Heimberger:

On June 5 the Faculty Council, on recommendation of the Committee on Honorary Degrees, recommended to the Board of Trustees that the honorary degree of Doctor of Laws be conferred on

Howard Landis Bevis

at the first Commencement following his retirement from the presidency of the University.

Very truly yours,
(Signed) LAWRENCE D. JONES
Secretary, Faculty Council

Upon motion of Senator Bricker, seconded by Mr. Kettering the Board, by unanimous vote approved the above recommendation of the Faculty Council, that the Honorary Degree, Doctor of Laws be conferred upon President Bevis at the first Commencement following his retirement from the Presidency of the University.

Radio Telescope

President Bevis reported that the National Science Foundation had offered to contribute \$100,000 for the erection of a new Radio Telescope of the kind developed by Dr. John D. Kraus of the Engineering College.

It has been deemed advisable to locate this instrument on land near the visual telescope owned by Ohio Wesleyan University, and operated jointly by Ohio Wesleyan and Ohio State University. Upon inquiry, the National Science Foundation has expressed itself as agreeable to the location of this instrument on this land. Ohio Wesleyan University has expressed its willingness to provide land in this location. It is understood that the title to the instrument to be built will be in the name of Ohio State University and that Ohio State will be free to remove this instrument should the existing arrangement be dissolved.

It is therefore recommended to the Board of Trustees that the proper administrative officers of The Ohio State University be authorized to proceed with completion of the arrangement with National Science Foundation and Ohio Wesleyan University and to proceed with the erection of the Radio Telescope on the land aforesaid.

Upon motion of Senator Huffman, seconded by Senator Bricker, the above recommendation was unanimously approved.

* * * * *

President Bevis reported that negotiations had been entered into between the United States Government, Ohio State University and the Government of Sierra Leone represented by the United Kingdom Treasurer and supply Delegations having its principal office in Washington, D.C., for the provision of technical advice and assistance concerning Education and Vocational training under the direction of the College of Education at Ohio State University.

Pursuant to these negotiations a tentative contract has been prepared for the signatures of parties concerned. Certain provisions of this contract however, are not entirely agreeable to Ohio State University. The University is desirous of performing the service requested if a suitable contract can be made.

It is recommended therefore that the Board authorize the appropriate officers of the University to enter into the contract, provided the terms of the contract are modified to meet the approval of such officers.

Upon motion of Mr. Kettering, seconded by Judge Gorman, the above recommendation was unanimously approved.

Housing—Ohio State Bar Association

President Bevis called to the attention of the Board of Trustees the recent discussion concerning the establishment of a center on or near the campus of The Ohio State University for the combined purpose of housing the headquarters of the Ohio State Bar Association and of an agency for research and service to The Ohio State University Law School and members of the Bar.

He presented to the Board a copy of a resolution presented by the Secretary of the Ohio State Bar Association reading as follows:

BE IT RESOLVED, That the Council of Delegates approves the erection, purchase or lease of a building or a portion of a building to house the Headquarters of the Ohio State Bar Association at a site to be selected by the Executive Committee and,

That, if satisfactory arrangements can be made by the Executive Committee with The Ohio State University to combine such headquarters with research and service facilities, the Council of Delegates recommends that serious consideration be given to the erection of such a building on the campus of The Ohio State University.

BE IT FURTHER RESOLVED, That the President of the Association be authorized to appoint such committee or committees as may be necessary to carry the foregoing resolution into effect.

After discussion, it was the consensus of opinion of the Board of Trustees that the proposal be looked upon with favor, particularly that portion of it relating to the combination of such headquarters with facilities for research and service.

Upon motion of General Dargusch, seconded by Judge Goman, it was voted that a committee consisting of Senator Bricker, Senator Huffman and General Dargusch be appointed to investigate this matter further and report to the Board.

* * * * *

The Chairman read a letter from General Dargusch stating that because of the pressure of his business activities he wished to be relieved of his assignment as a Trustee member of the Board of Directors of the Development Fund, and also as a member of the Board's Investment Committee.

Upon motion of Judge Gorman, seconded by Senator Bricker, General Dargusch's requests were agreed to.

* * * * *

Upon motion of Judge Gorman, seconded by Senator Bricker, the Board by unanimous vote designated Senator Huffman to serve as a Trustee member of the Board of Directors of the Development Fund.

The Board also agreed that the Investment Committee should continue with the present members, Senator Bricker, Senator Huffman, and Mr. Ketner.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contract to the low bidder for the Remodeling Refrigeration System in Food Warehouse and now recommends that the actions of the Cabinet be approved by the Board of Trustees:

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on May 21, 1956 for the purpose of opening bids on RE-MODELING REFRIGERATION SYSTEM IN FOOD WAREHOUSE. The following is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
The C. M. Robinson Company	\$4,920.00
United Refrigeration Service, Inc.	5,347.00
The Huffman-Wolfe Company	6,760.00
Capitol Refrigeration Company	No bid

"The engineer's estimate for the above work was \$6,400.00. The low bid of The C. M. Robinson Company is regular in every respect and is below the engineer's estimate. Therefore, I wish to recommend that The Ohio State University enter into a contract with the C. M. Robinson Company at their bid of \$4,920.00."

Funds for the execution of this contract, which is recommended

for award, will be provided by a transfer from Department 804, Rotary A to F-1e Remodeling Refrigeration System in Food Warehouse, H.B. 929.

Upon motion of Senator Bricker, seconded by Senator Huffman, the above recommendation for award of contract was approved by unanimous vote and approved was granted for the transfer of funds as described above.

The Vice President and Business Manager reported that the University Cabinet, acting under authority granted by this Board, and pursuant to legal advertisement, has received bids and approved the award of the following contract to the low bidder for the New Oxygen and Suction Outlets in University Hospital and now recommends that the actions of the Cabinet be approved by the Board of Trustees:

The report of the Director of Physical Plant is as follows:

"On authority of the Board of Trustees, the University Cabinet met on May 21, 1956, for the purpose of opening bids on NEW OXYGEN AND SUCTION OUTLETS IN UNIVERSITY HOSPITAL. A representative of the Department of Public Works was unable to be present. The following is a tabulation of the bids received:

<i>Bidder</i>	<i>Amount of Bid</i>
Limbach Company	\$5,064.00
Lieb-Jackson, Inc.	5,480.00
Wm. R. Evans	No bid

"The engineer's estimate for the above work was \$6,700. The low bid of Limbach Company is regular in every respect and is below the engineer's estimate of cost. Therefore, I wish to recommend that we request the Director of Public Works to enter into a contract with Limbach Company at their bid of \$5,064."

Funds for the execution of the contract, which is recommended for award, will be provided by a transfer from Department 807, University Hospital Rotary to G-2-P New Oxygen and Suction Outlets in University Hospital, H.B. 929.

Upon motion of Senator Bricker, seconded by Senator Huffman, the above recommendation for award of contract and transfer of funds was approved by unanimous vote.

The Vice President and Business Manager presented the plans, specifications, bill of materials and estimate of cost for the following projects as prepared by the Director of Physical Plant and stated that the Cabinet has approved said documents and now recommends that they be approved by the Board of Trustees:

<i>Project</i>	<i>Estimate of Cost</i>	<i>Payable From</i>
Exterior Painting of Derby Hall,	\$38,300.00	F-1 Building
Industrial Engineering Building,		Repairs,
Administration Building, Fire		H.B. 929
Escapes Only on University Hall,		
Four Quonset Huts at Laneview,		
and Horticulture and Forestry		
Greenhouses		

Upon motion of Senator Bricker, seconded by Mr. Kettering, the Board by unanimous vote approved said documents and directed the

Secretary to sign the same for and on behalf of the Board of Trustees. The Vice President and Business Manager was directed to advertise for bids in accordance with law and the Cabinet was authorized to receive and open bids for and on behalf of the Board of Trustees and, if any bids are received below the estimate of cost, to award contracts accordingly. The President is authorized to sign such contracts for and on behalf of the Board of Trustees. All actions of the Cabinet on this matter are to be reported to the Board at a later meeting.

Purchase of R. P. Woodruff's Agricultural College Addition

The Vice President and Business Manager reported to the Board of Trustees that The Ohio State University has received a proposal for the purchase of five lots adjoining the 39 lots which the Board approved for purchase at their May 14, 1956 meeting.

This property, recommended for purchase, is located in the R. P. Woodruff's Agricultural College Addition and described as follows:

Lots 61 and 68	Mary E. Roop	\$24,000.00
Lot 217	Russell L. Austin	16,900.00
Lot 198	Yvonne M. Lusco and Charles R. Lusco	10,500.00
Lot 197	Robert L. Andrews, et al.	10,500.00
Total		<u>\$61,900.00</u>

Funds for the purchase of this property would be made available by a transfer from General University Fund to G-1a, H.B. 929.

Upon motion of General Dargusch, seconded by Senator Bricker, the purchase of these five lots as described above was approved at the prices indicated and the Vice President and Business Manager was authorized to proceed to negotiate the transaction and secure the necessary approvals for the purchase of this property and approval was granted for the transfer of funds as described above.

* * * * *

Judge Gorman moved that the Vice President and Business Manager report to the Board at Gibraltar whether it would be desirable and feasible to have a Master Plan for future location of buildings and acquisition of necessary land.

* * * * *

The above motion was seconded by Senator Huffman and approved by unanimous vote.

* * * * *

President Bevis brought to the attention of the Board the recommendation of Dean Rummell, College of Agriculture, that suitable arrangements be made for the provision of a Small Animal Laboratory. Extensive research is already in progress involving the effect of atomic radiation upon animal life, particularly with relation to genetics and reproduction.

Mr. Taylor expressed the view that a suitable Laboratory for this purpose was desirable but stated that the provision of such a Laboratory would require planning and funds.

It was the informal conclusion of the Board of Trustees that we should take steps as soon as possible for the planning of such a Laboratory and its construction. Further report is to be made to the Board of Trustees, before definite action is taken.

* * * * *

Chairman Ketner now presented a letter from Howard E. Fritz, President of the Ohio State University Association in which he proposed that a meeting of the Alumni with the Board of Trustees be held at the time of the July 9th meeting of the Board.

Mr. Fritz stated that the Alumni would be represented by a special committee which has been appointed from the Alumni Advisory Board and from the Board of Directors of the Association.

This request was agreed to by the Trustees, and the secretary was directed to arrange for the meeting to be held at the Ohio Union, Sunday Evening July 8th, 1956, beginning with a dinner at 6 p.m.

* * * * *

Upon motion of Judge Gorman, seconded by General Dargusch, the Board by unanimous vote elected the following officers for the year 1956-1957, service to begin July 1, 1956.

Chairman—James W. Huffman

Vice Chairman—Robert F. Black

Treasurer—Jacob B. Taylor

Secretary—Carl E. Steeb

Upon motion of Judge Gorman, seconded by General Dargusch, the Board agreed to hold a special meeting at the University at 10 a.m., Monday, June 25th.

* * * * *

The Board now adjourned to hold its next regular meeting Monday, July 9th, at 10 a.m. at the University.

THE OHIO STATE UNIVERSITY

OFFICIAL PROCEEDINGS OF THE NINE HUNDRED AND SIXTH MEETING OF THE BOARD OF TRUSTEES

Columbus, Ohio, June 25, 1956

The Board of Trustees met in special session at 10:00 a.m., for the purpose of electing a President to succeed Dr. Howard L. Bevis who retires June 30, 1956.

Present: Forrest G. Ketner, Chairman; Senator James W. Huffman, Judge Robert N. Gorman, Charles F. Kettering, Senator John W. Bricker and General Carlton S. Dargusch.

* * * * *

Chairman Ketner then made a general statement, stating clearly all the steps the Board had taken during the past twelve months, with the help and cooperation of the Special Faculty Committee which had been appointed to evaluate the candidates, and stated that, after many conferences and meetings, the Trustees were now ready to make a selection.

Mr. Kettering offered the following motion:

I move the appointment of Novice G. Fawcett as President of The Ohio State University, effective August 1, 1956, subject to release from his existing contract as Superintendent of the Columbus Public Schools.

Judge Gorman seconded the above motion which, upon roll call, was approved by unanimous vote.

* * * * *

Upon motion of General Dargusch, seconded by Senator Huffman, the Secretary was directed to include in the Minutes of this meeting the following letter received from Trustee Robert F. Black who was unable to be present at this meeting.

June 22, 1956

Mr. Forest G. Ketner, Chairman:
Board of Trustees
The Ohio State University
Columbus 10, Ohio

Dear Ket:

As I told Carl Steeb today, it is extremely unlikely that I can get to the special meeting of the Board Monday, June 25th, due to an unexpected development here that makes my presence mandatory Monday morning.

I want to convey through you to the Board my hearty approval of the selection of Novice G. Fawcett as President of Ohio State University. I want you to know that I have thoroughly investigated Mr. Fawcett's record and had the pleasure of discussing most intimately the problems of Ohio State which he will be called on to face. I am convinced that

Mr. Fawcett combines almost all of the qualifications that we set out to find. His administrative abilities and the respect he has of the educators throughout the State would seem to make him the ideal man to lead the university during what, in my opinion, will be one of the most trying periods in its history.

The fact that his qualifications as an administrator were approved by the faculty, that the alumni group had him on their Advisory Board, plus the most thorough canvass we made of all the names suggested certainly strengthens my conviction that we have found the right man. The fact that his choice was the unanimous one of the Board of Trustees, representing as it does many divergent points of view, assures him that he will have our wholehearted support.

Please extend to him my personal congratulations and the conviction that I have that he is the right man to meet the challenge of this next decade.

Very truly yours,
(signed) ROBERT F. BLACK

* * * * *

Senator Huffman now presented the following statement and moved that it be included in the Minutes of this meeting:

As we elect a successor to President Howard L. Bevis, we express our sincere appreciation for the invaluable services which have been rendered to The Ohio State University over the period of the last seventeen years. Under his leadership this great institution of learning has grown and prospered. As was said of Christopher Wren, if we seek a lasting monument of his work we have only to look around us. He has served us well in both war and peace. We hereby extend our heartfelt thanks and every good wish to him in the years that lie ahead.

The above motion was seconded by Mr. Kettering, and upon roll call was approved by unanimous vote.

Upon motion of Mr. Kettering the Board adjourned.
